Go a cool
football manager!
the best you couldnt
make from Pappa
(Bob)

In these two years St. John's has expanded in many ways. The Junior Varsity and Freshmen Football teams let Toledo know we're here by breaking up some of the best teams in the metropolitan area. The Freshmen were undefeated, only to be snowed out of competition late in the season. The Junior Varsity also did not get a change to play as often as it wished but it finished 6-2 against formidable teams.

The Speech team gave Toledo a taste of its talents in attending all area meets and astounded judges with its capabilities, exemplified by a 10-2 record in debates.

Our Junior Varsity Basketball team pitted itself against several Varsity basketball teams to finish with a 7-9 record and a good deal of experience. The new freshmen Titans showed they were tough also with their record of 18-5.

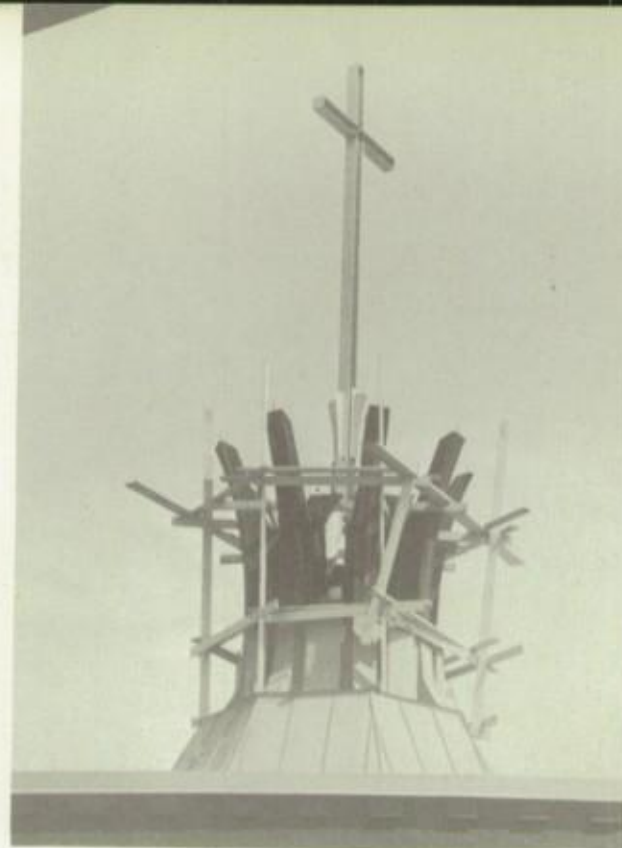

Always keeping in mind the idea of expanding, Fr. Henley, S. J., and Mr. Peppard, S. J., moderated the successful production of the play *Julius Caesar*. Valuable experience gained in attempting a production such as this will form St. John's dramatics club.

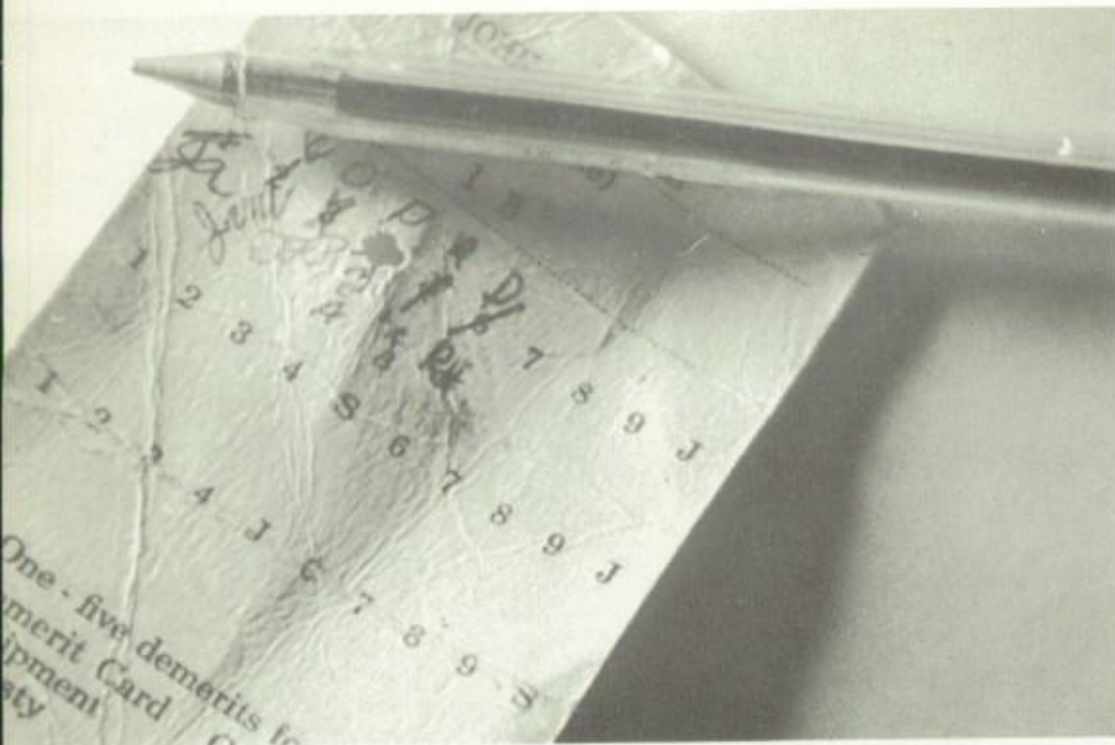

In order to record events of this magnitude and complexity so as to bring to you a book for truly remembering the year, we have attempted something no one has ever done with a yearbook before. This feat is to record the events of our second big year at St. John's in chronological order; that is, to record it as it happened from September to June. In doing this we broke from conventional yearbook style. Therefore, there will be no divisions of sports or classes, etc. Time itself has maintained the order of our book.

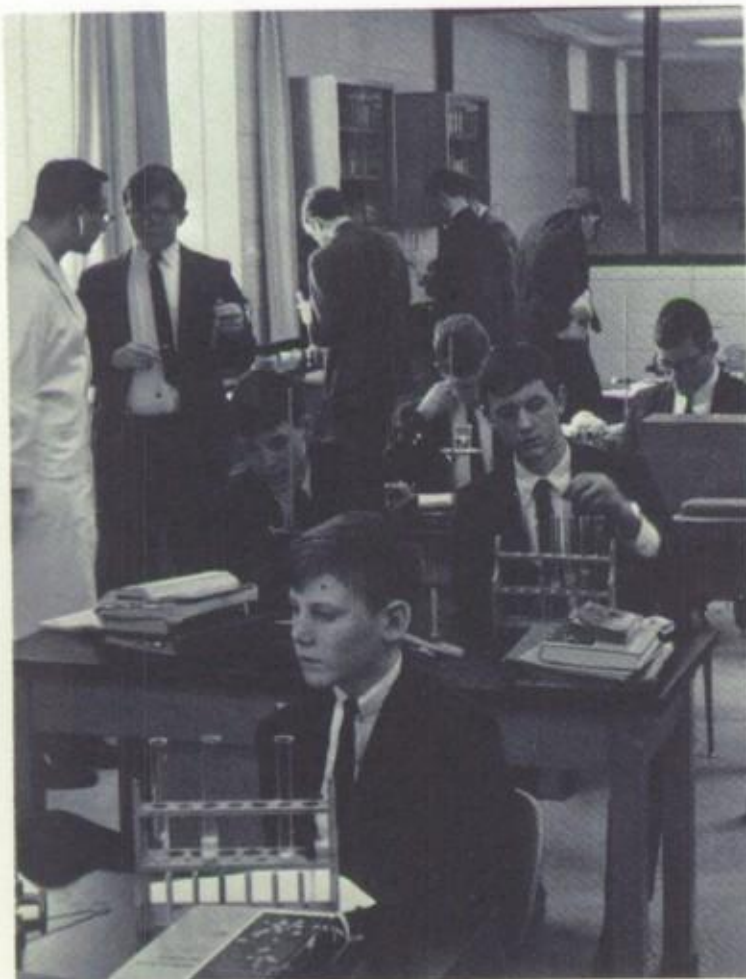

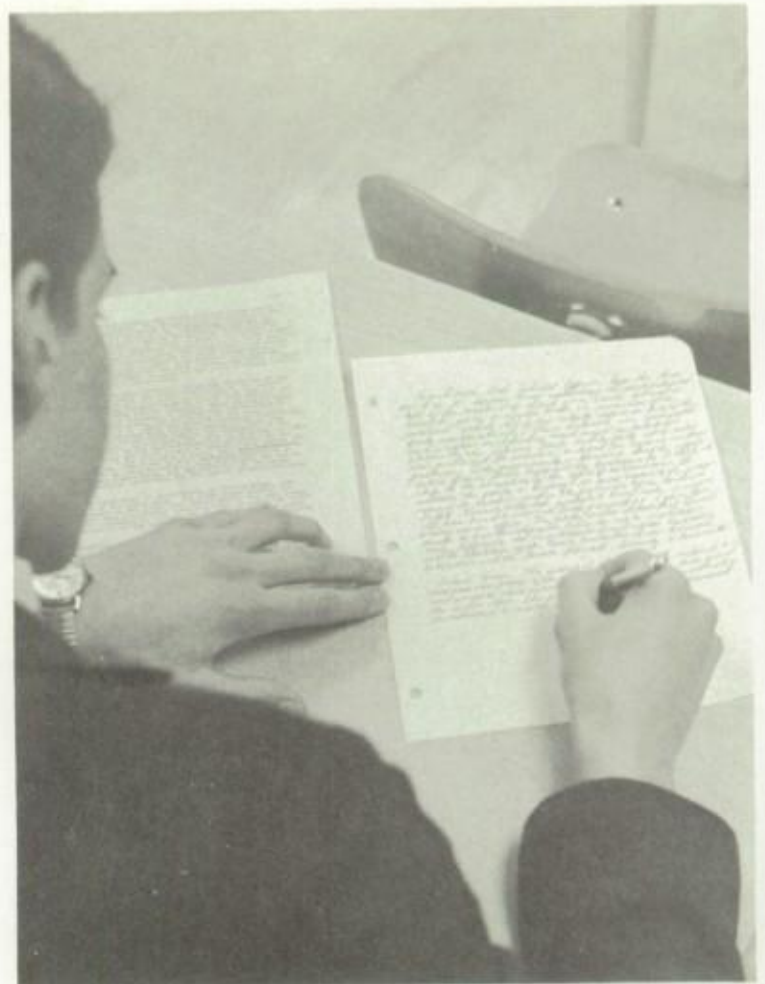

Mass . . . singing and serving

The library is located on the first floor facing the Treasurer's office. It contains 4,203 volumes. The most popular place considered by the students in the library is the soft-cushioned chairs surrounding the magazine rack. Many current issues of magazines are placed on this rack. The library is opened to students who wish to browse through books or increase their knowledge. Under the supervision of Mr. John D. Anderson, S.J. and Mrs. Waldeck the library is kept up to date. Strict silence is demanded here, and under the sharp eyes of Mr. Anderson it is always observed. In the library a number of reference books and dictionaries are handy for anybody who wishes to use them. The cushioned chairs in the library are provided for students who just want to relax.

Mrs. Maybelle Waldeck, librarian, checks the card catalogue.

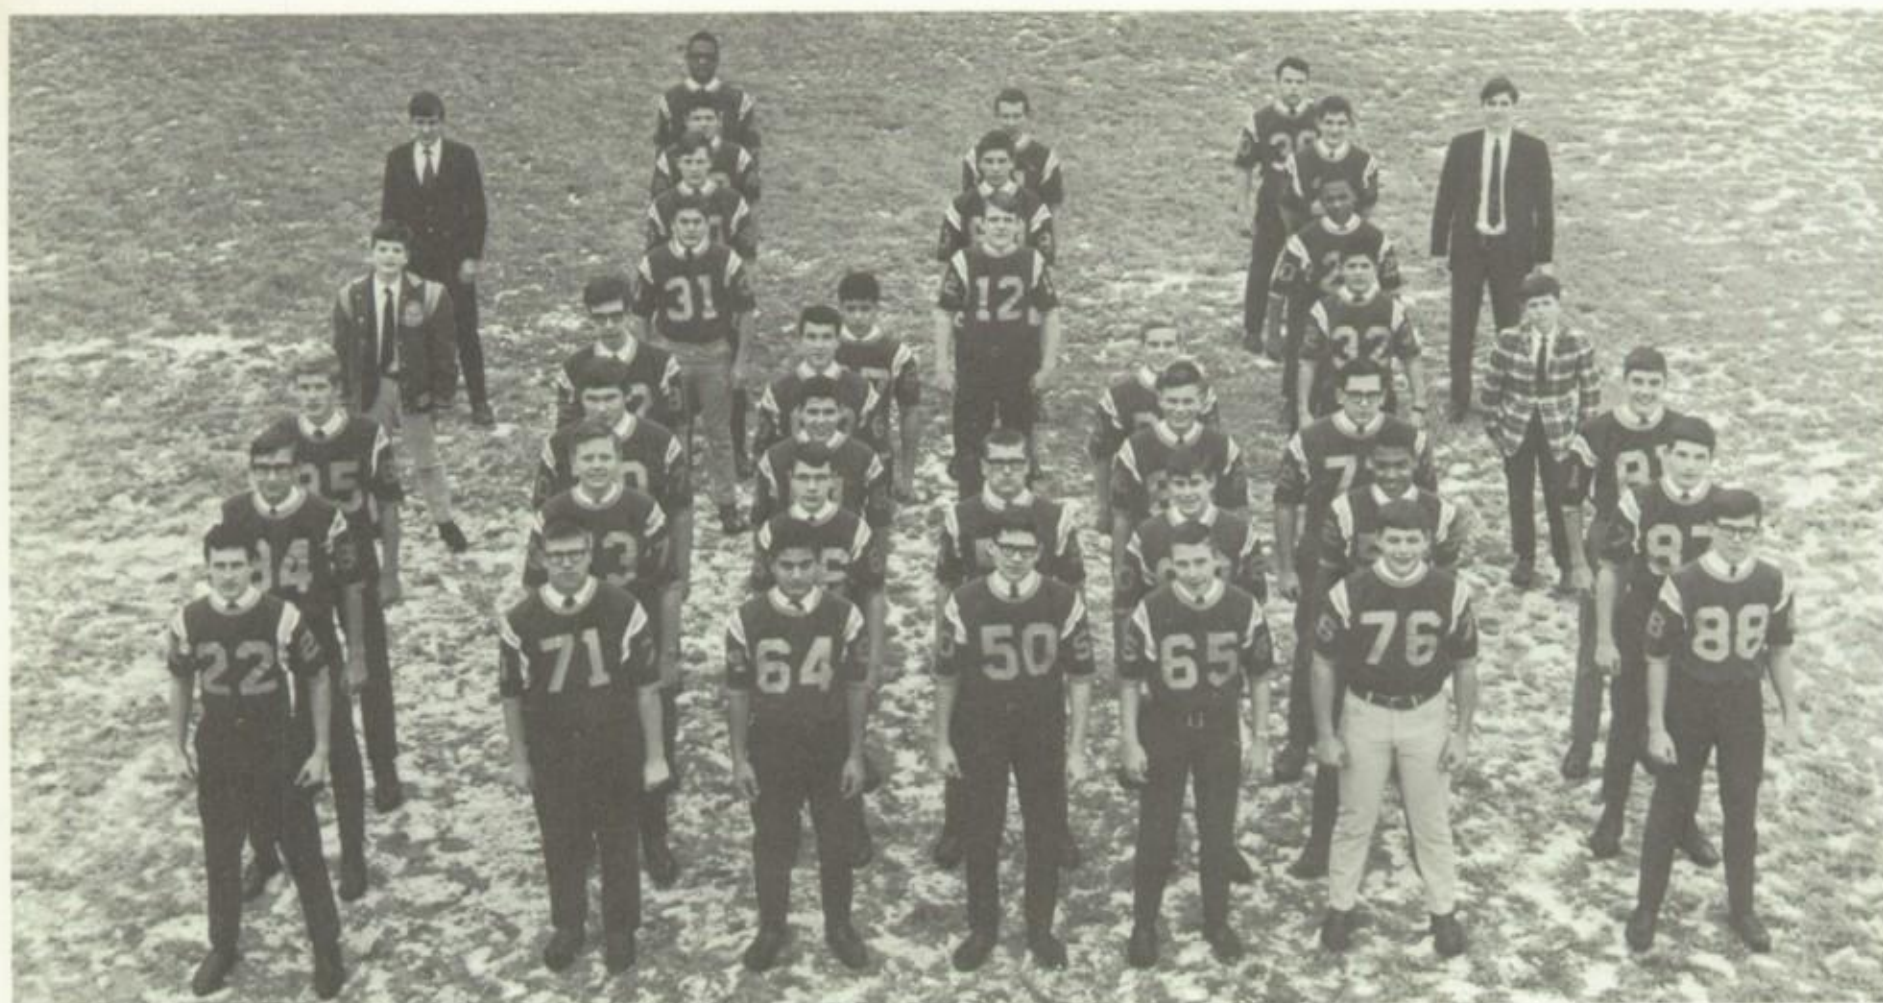

Bob Welly and Mark Hornung discuss a new idea for a poster.

Poster Club

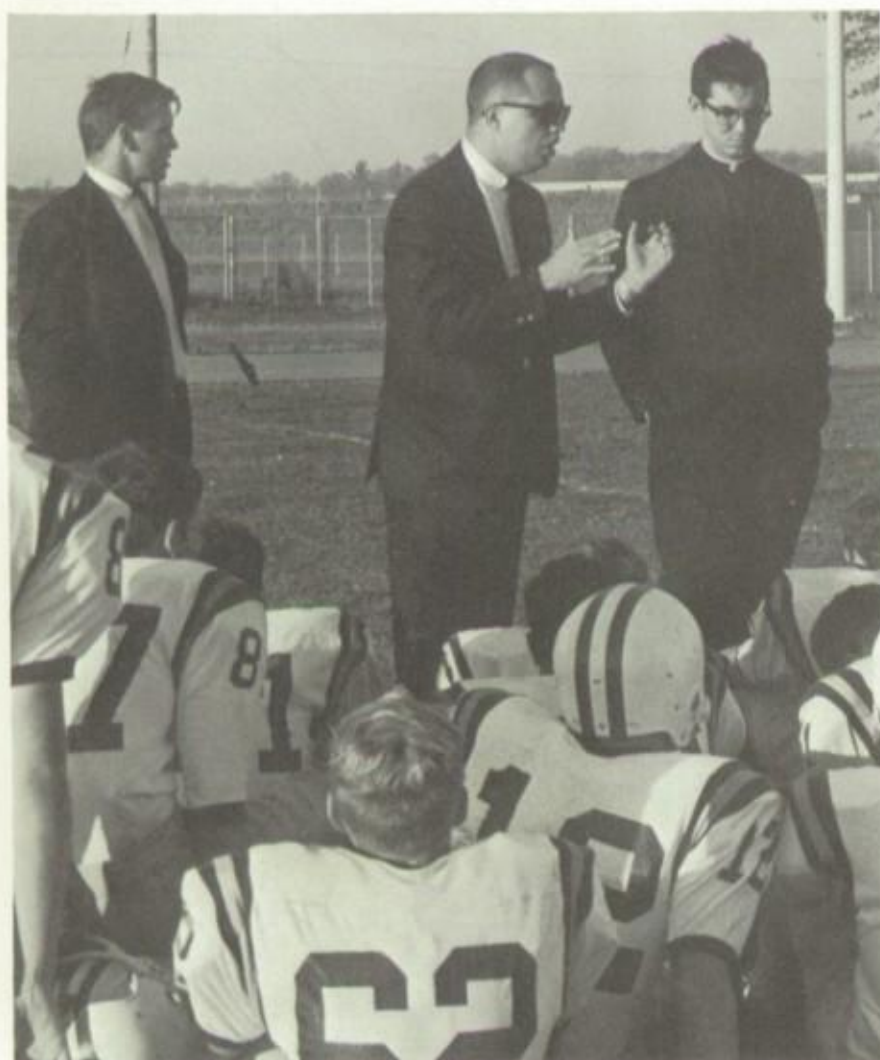

The Poster room is located in the south-west wing of the school facing the gym. In this room many inspiring ideas are placed on paper and posted in the halls for the students to ponder over. This club, moderated by Mr. Vazquez, meets at almost every spare minute of the day and composes various posters. Although this room is small, many inspiring posters pass through the door. The main job of the poster club is to let the students know about the different events coming to St. John's. The Poster club arouses school spirit and increases the attendance of the students at the games. Any student may join if he knows a little about art and has a large imagination. In this club as in any other club each member learns the importance of cooperation and hard work.

Forkapa moves for yardage

Dan Corbo sets up to throw

Go Titans!

Coleman(41) and Balyeat(71) protect Smith(10)

Freshman Titans

Our freshman football team began drills the week before the opening of school and progressed rapidly under Messrs. Yingling, Smith, and Gallagher. In their opening game, the freshman tested their skills against the Springfield Blue Devils; and the result was a 28-0 victory. Next came McTigue, who gave the Titans a very tough game, before falling by a score of 12-8. The freshman continued their winning ways as they marched over Cardinal Stritch, 28-0. Just as they were getting into high gear, the rest of their games were canceled due to inclement weather. A highly successful season was thus brought to an early end.

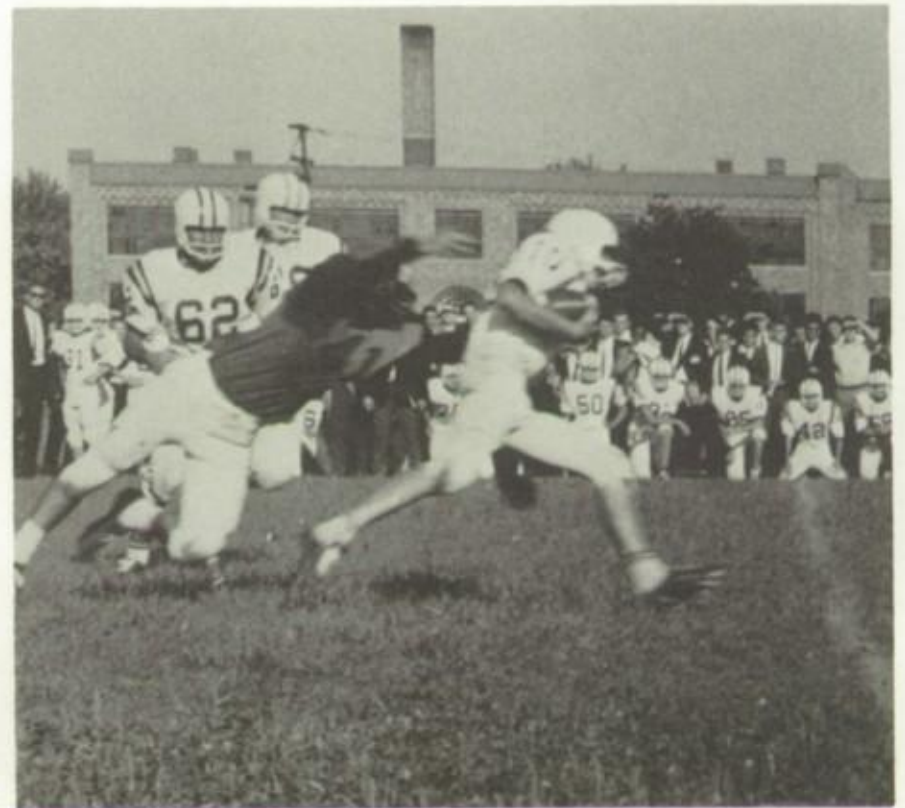

Sophomore Titans

Quarterback Tom Balyeat pitches to Corbett behind Fall(73).

Rick Corbett shakes a would-be tackler.

Tom Cole breaks into the clear.

Touchdown St. John's!

Gary Bond's punt return.

Under the direction of Mr. John Braucher and Mr. Fred Beier, the first St. John's Junior Varsity football team began practice on August 20th. After three weeks of intense preparation, the Titans opened their season by losing a 12-6 thriller to arch-rival St. Francis. Angered by this early setback, the J.V.'s came storming back with successive victories over Rogers, Whitmer, Bowling Green, Sylvania, Maumee, and Clay, before bowing to Cardinal Stritch in the season's finale. This added up to a very impressive final record of 6 wins against only 2 defeats. Now that their season is over these sophomores are anxiously awaiting next year, when they will help compose the first St. John's Varsity football team.

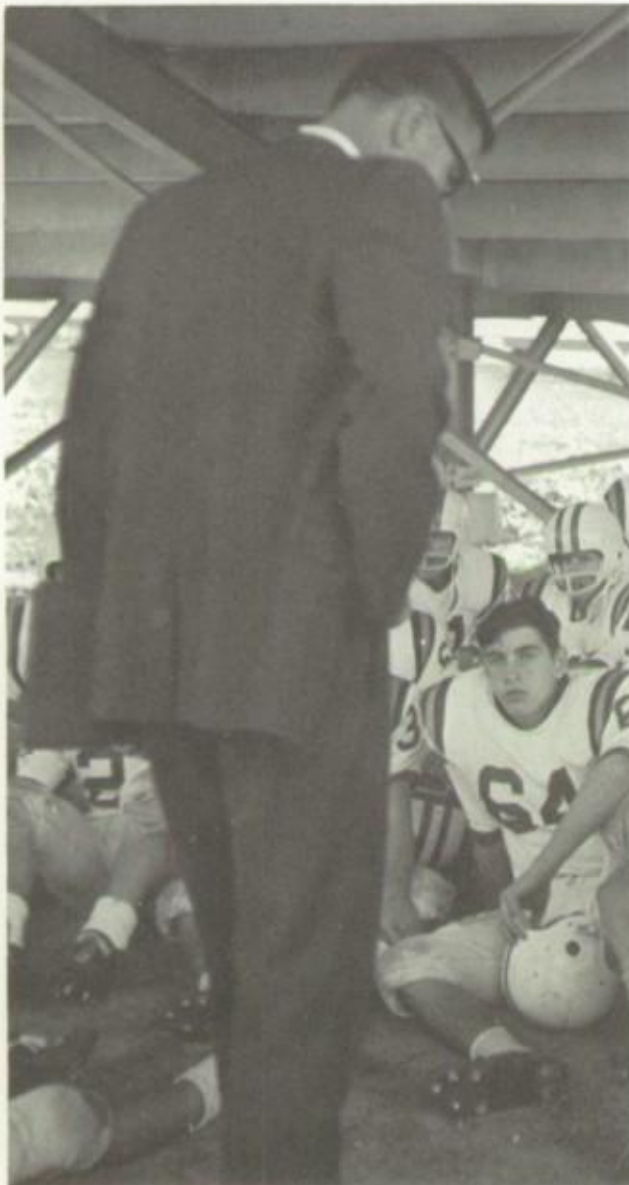

Rick Corbett takes pitch from Tom Balyeat.

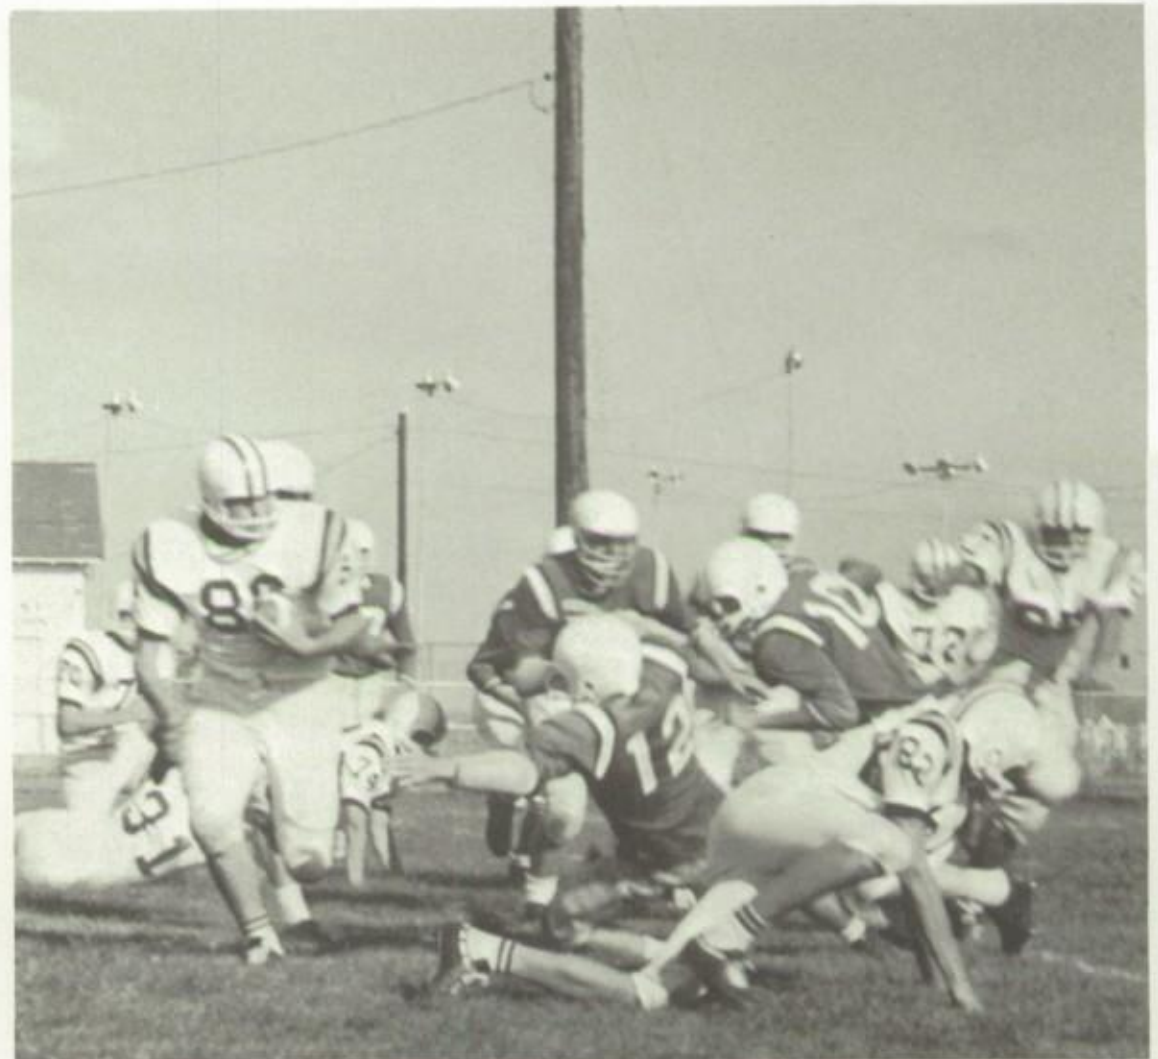

Joe Rideout cuts upfield for good yardage.

Mr. Beier directs traffic.

Mr. Braucher at halftime.

Tom Balyeat runs the power sweep.

Corbett finds daylight.

Rev. John A. Singer, S.J.
Religion 2, Counselor, Coach

Mr. John Mescher
Counselor, Testing

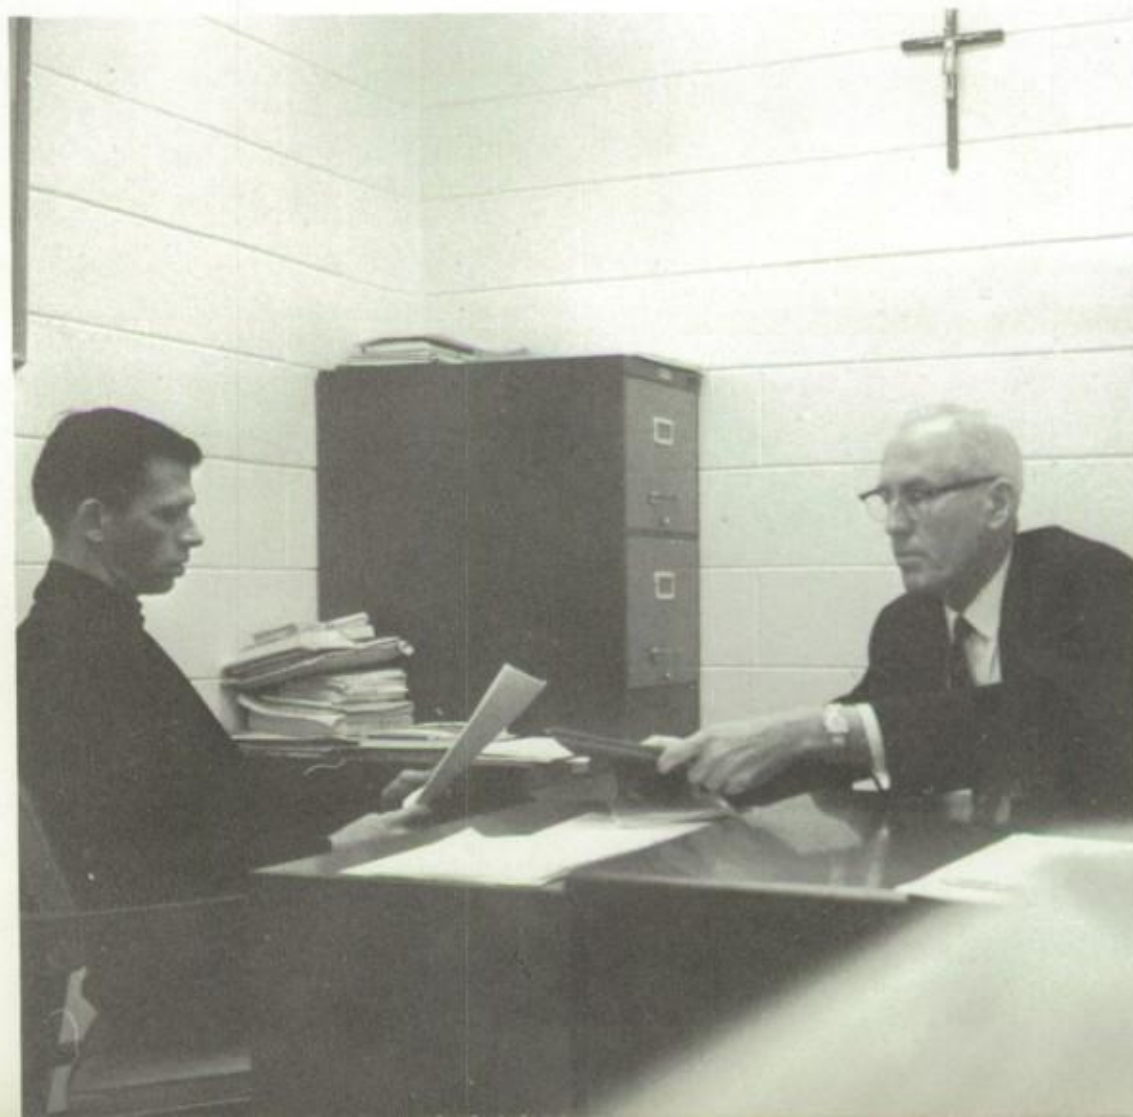

Counselors

Guidance is the total process of helping the student in self-formation and experience. It includes orientation, testing, imparting information, giving advice, exhortation, and most important of all, counseling in the professional and technical sense.

Counseling is a process whereby the student is aided by means of person-to-person relationship between himself and a professionally trained counselor, to develop himself as a complete person emotionally, socially, intellectually and spiritually. It may be concerned with helping the student adjust to a particular problem in his personal, academic or religious life. Its basic aim is to foster self-understanding and self-acceptance.

To be fully qualified academically, a counselor must have a Master's Degree which include courses in 1) statistics 2) testing 3) techniques of guidance and counseling 4) educational and occupational information 5) personality development 6) laboratory experience and supervised counseling.

Behind the opaque glass across from the principal's office are the offices of our two counselors, Mr. Mescher and Fr. Singer. For our convenience, they are always open.

Student Council

Once again this year, under the direction of Rick Corbett, the president, and Father Robert J. McAuley, S.J., the moderator, the Student Council convened. Also returning to the Council this year were Tim Malone, Vice President; Brock Rimmelin, Secretary; Bob Plessner, Treasurer; and Tom Cole, Sergeant-at-Arms.

It was not long before the Council was officially functioning. Its first order of business was the election of the sectional officers from the sophomore sections. Two representatives from each section were elected to represent their respective sections at the Student Council meetings. A little in the year after the freshmen got a little better acquainted with each other, the freshman elections took place. This year the Council also began work on the constitution that would one day be its guiding force.

During the month of January the Council members, Jim Schuller, Mark Desmond, and several others brought before Fr. McAuley, S.J., and the Student Council in full session the proposal to write a constitution. This constitution would define the terms in which the Student Council would operate. A staff was appointed to perform the duties of writing the constitution. Members of the committee to write the Constitution of the Student Council were: John Boellner, Bob Plessner, Tom Murphy, Egmont Shllaku, Dennis McCartney, Brad Rimmelin, and Mark Desmond.

Student Council Officers, L to R: T. Malone, T. Cole, R. Corbett, B. Rimmelin, R. Plessner.

1A

As the 66-67 school year opened and the time came to elect class officers, class 1a elected as their president and vice president, Steve Matlock and John Waldvogel. They have involved their class in a food drive with the assistance of two other classes.

Fr. Dunnigan, S.J., who teaches them religion, is 1A's favorite homeroom teacher. The 32 students in 1A have among their cherished teachers, Mr. Vrooman, who tries to teach them History, and Father White, S.J., who teaches Algebra. The teacher who makes strong boys out of them is Mr. Beier. We are sure the class and the teachers have a mutual friendship.

To class 1B goes the idea of originating the food drive which was held in December. Mr. Vasquez, the homeroom teacher and Latin teacher, perfected the project. Jim Fosnaugh, with his able assistant Tim Jacoby, are the two 1B couldn't get along without. Without Fr. White or Mr. Vrooman where would 1B be today? They wouldn't be happy without Fr. Dunnigan for a really exciting religion class or Mr. Peppard for another exciting class, only this time it's English. And without Mr. Beier we would have 32 skin-heads on our hands.

1B like most of the other freshman classes, was struggling with books and lockers on the opening day of classes. But gradually we became accustomed to the daily routine here at St. John's.

Faculty? These are the men who help determine the destiny of the students of our school. For sure, they're the one who gave you that first demerit and all those succeeding ones. They're the men, who, as coaches, guide and drive our teams on to victory. They're the men who comfort us in our time of need. They're the men who start that activity that we always wanted to belong to or they're the men who already act as moderators for that certain activity that we like so well.

They're probably the first person you met on the first day of school. They're the men you saw cheering at the first game of the season — and the ones you heard cheering next to you at all the rest of the games. They're with us each day in the Commons, in the classrooms, in the gym, in the corridors, at our meetings, at our dances, and at our daily noon Mass.

With us they bowl (poorly), play basketball (far better), wrestle (below their weight class), sing (loudly) in the chapel as well as raise their voices (sometimes) elsewhere, laugh (not infrequently), and encourage us to reach goals which we have set for ourselves.

Along with football, cross country, and new courses in the autumn, our faculty fits evenly into the patterns of our daily lives. They are as much a part of St. John's as we are. They are sharing their lives with us, and for this we are grateful.

Mr. Patrick Peppard, S.J., moderator, takes part in the fun too.

Tom Fox hurls the ball for a strike.

Mark Desmond goes for the spare.

Intramural Bowling

Besides the regular sports at St. John's, Intramural Bowling is also offered to all students whether poor, average, or good. These teams, moderated by Mr. Patrick Peppard, S.J., elected team captains to organize their team and to make sure that the money is turned in on time. These games took place at Highland Lanes and also at Imperial. In the course of the year all the teams will have bowled each other and the winning team will receive a trophy.

At the end of the first session of bowling at Highland the owner of the lanes threw a party for the members of the teams who were present. The owner of the lanes at Imperial did the same but for the second session of bowling at their lanes.

As the league at Highland progressed the competition became thin. The league-winning Toronados were closely pursued by the Fearsome Four and the Redcoats.

This sport, besides being recreational, makes each student realize the importance of team work.

Fr. John A. Singer, S.J. at Sunshine Children's Home.

Volunteer Program

Besides the academic and athletic programs here at St. John's, some Titans are spread throughout the community helping those in need. This program is open to any student who is willing to sacrifice some of his time either on a Saturday or a Sunday. Our volunteers come in handy at the emergency ward of St. Vincent's Hospital. Besides helping to print X-rays in the Radiation Laboratory, the volunteers also learn a little about pathology. Regular ward work is done by all by the changing of beds and the escorting of wheel-chair patients. All patients are delighted by this program initiated by St. John's. At Sunshine Children's Home our volunteers share their knowledge with the two mentally or physically retarded children assigned to them. At St. Anthony's Villa and the Miami Children's Home, which are both orphanages, our men supervise and take part in the games. The volunteers are moderated by Fr. White, S.J., with the help of some other faculty members. These volunteers are far from feeling any pride in being the good guy. In this program each person learns more about himself.

The 31 students of class 1E decided to elect Egmont Shllaku and Mario Orlandi as president and vice president of their class. It was these two who helped 1B in the food drive, and also it was class 1E who has sponsored three gym nights for the school.

Their day begins in Mr. Anderson's homeroom. The class then receives more knowledge from Mr. Vasquez, S.J. Lat., Mr. Czernicki, Eng., Mr. Baucher, His., Fr. Dunnigan, S.J., Rel., and Mr. Gramata, Alg. Mr. Beier helps to develop them physically.

Mr. Betz S.J., is the homeroom teacher of 1F, with Dennis McCartney as president and Kelly Gill as vice-president. This section is the only freshman section with sergeants-at-arms, James Babka and Al Siones. The 32 student bodies of 1F are filled with the thoughts of Messrs. Peppard, Betz, Braucher, and Beier. This is not all the teachers they have; they also have Fr. Lotze and Fr. White as teachers. 1F has sponsored three gym nights for the entertainment of other sections. 1F has declared a war of popularity on section 1A. May the best section win!

About one-third of 1F responded to the call of the St. John's freshman football team. These young men worked very hard to beat the cut list.

Fr. Lotze, S. J., is IG's Religion and Homeroom teacher. Always trying to improve the learning power of his students, Fr. Lotze gives them hints on how to study in his homeroom.

Discussions far and wide reign in IG's history class as Mr. Vrooman tries to teach them the subject. Mr. Peppard, S. J., also makes an attempt to teach them but the subject is different—Latin. Mr. Cassin, S. J., tries to teach them their own language and to read their own writing. (When asked about this class, he said: "How much time have you got?"). Mr. Gramata tries to teach them how to count but has found X easier for them to handle. Mr. Beier tries to do something with 97 lbs.

Matt Dowling and John Baldoni try to represent IG to the Student Council, but check page 21.

IH starts its day with Fr. White, S. J. In his class they learn the fundamentals of Algebra, but before they even get into this intriguing subject they must go through the traditional process of homeroom. Moderator of this well-used period is the same Fr. White. He sponsors many of the hotly discussed topics but most of these topics come from the students themselves.

IH also occupies the time of Mr. Czernicki who in attempting to teach them English is more often than not sidetracked into discussions about the State of the Union.

Their other teachers are: Mr. Anderson, S. J., World History; Fr. Dunnigan, S. J., Religion; and instructing and training their minds and bodies in gym is Mr. Beier.

Representing IH in Student Council are Jay Donkel and Knute Huber.

Mr. Brady teaches one of the twelve minute classes to the parents.

Parents' Clubs

The Parents' clubs of St. John's High School act in conjunction with the faculty in order to improve the school program. They hold monthly meetings which are planned in advance with programs that meet the needs of the school.

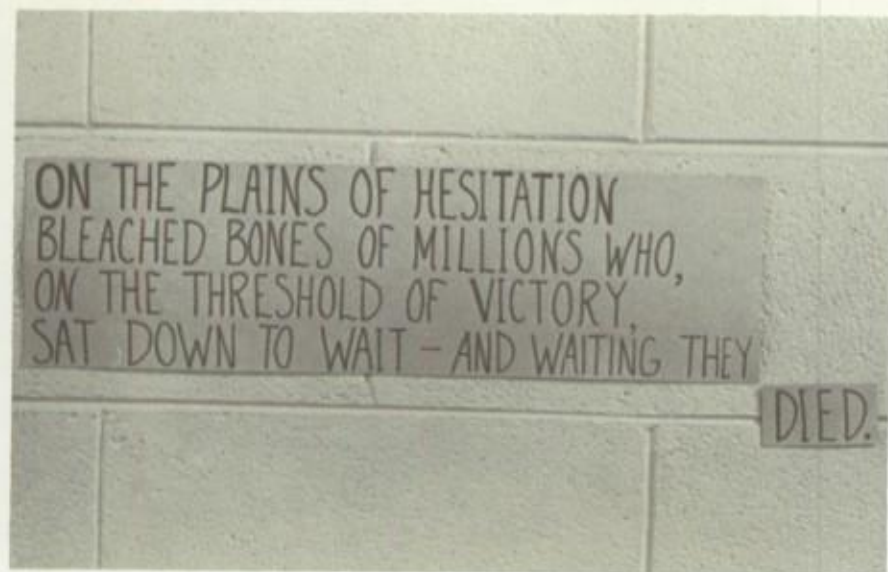

The Father's Club's officers are: President Mr. James Schoen, Vice President Mr. Paul Johnson, Secretary Mr. Thomas Irmen. They sponsored all of the sports activities of the year for St. John's. In order to improve the ability of the coaches to instruct the teams they financed the filming of all football and basketball games. And the Fathers' Club held bi-weekly meetings for the purpose of viewing these films. The big event of the Fathers' Club was the sponsoring of the Father—Son Communion Dinner. The main guests of this event were: Judge Harvey Straub; Frank Lauterbur, Athletic Director of the University of Toledo; Bill Backensto, Captain of T.U.'s basketball team; Tom Beutler, Co-Captain of T.U.'s football team; and Father Gelin who spoke at mass.

The Mothers' Club sponsored a book fair in October. They joined at the Parents' Dance in April.

Mother's Club sponsors a book fair.

Freshman Basketball

Thanks largely to a tremendous fourteen game midseason winning streak, the 1966-1967 St. John's freshman basketball team completed their season with a record of 18-5. Included in these eighteen wins were victories over the following City League teams: DeVilbiss, Start, Macomber, St. Francis, Waite, Libbey, and Bowsher. Only a heart-breaking early season loss to Central prevented the freshman from going undefeated against opponents from the City League. The freshman Titans were also very successful against junior varsity quintets, defeating Lyons, Spencer Sharples, and Maumee Valley Country Day School (twice). One of the factors contributing most to the highly successful season was the ability of the freshmen to work well together. The many hours spent on the practice floor under the guidance of Head Coach Mr. Don Yingling added up to the kind of unselfish teamwork that always symbolizes a fine team.

Dan Corbo heads for two more.

Monte Shillaku(13) starts his drive.

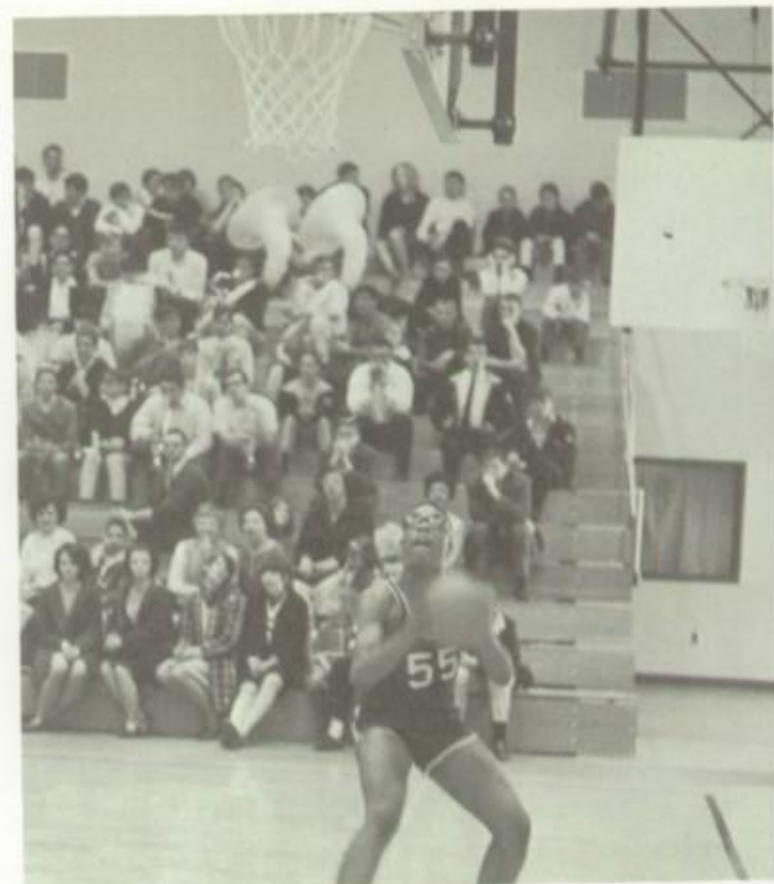

A tough rebound for Don Coleman(55).

Mr. Joseph Czernicki,
Assistant Coach

Jim Fosnaugh lays it up.

Don Coleman eyes the basket.

Corbo moves around his man.

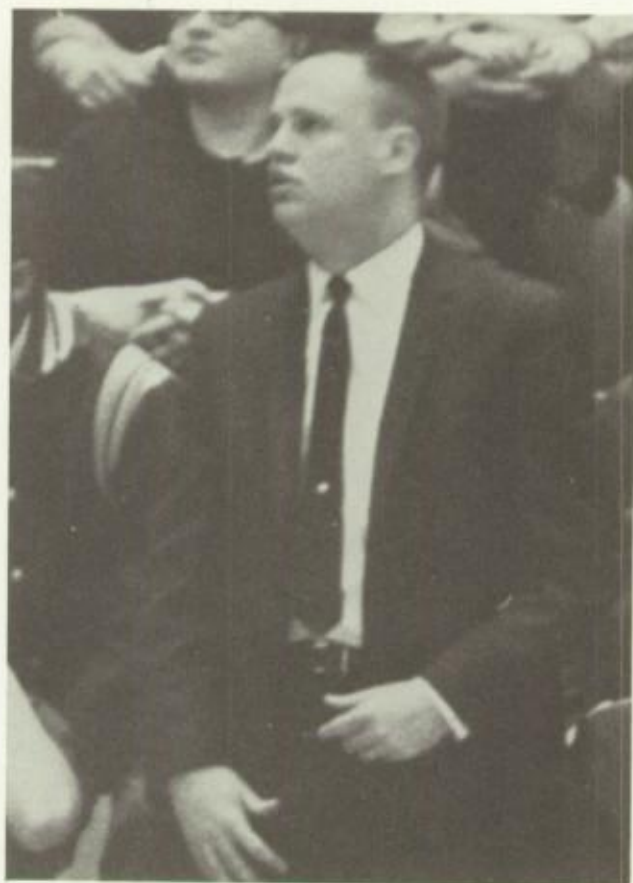

2 points for Tim Jacoby.

Sophomore Basketball

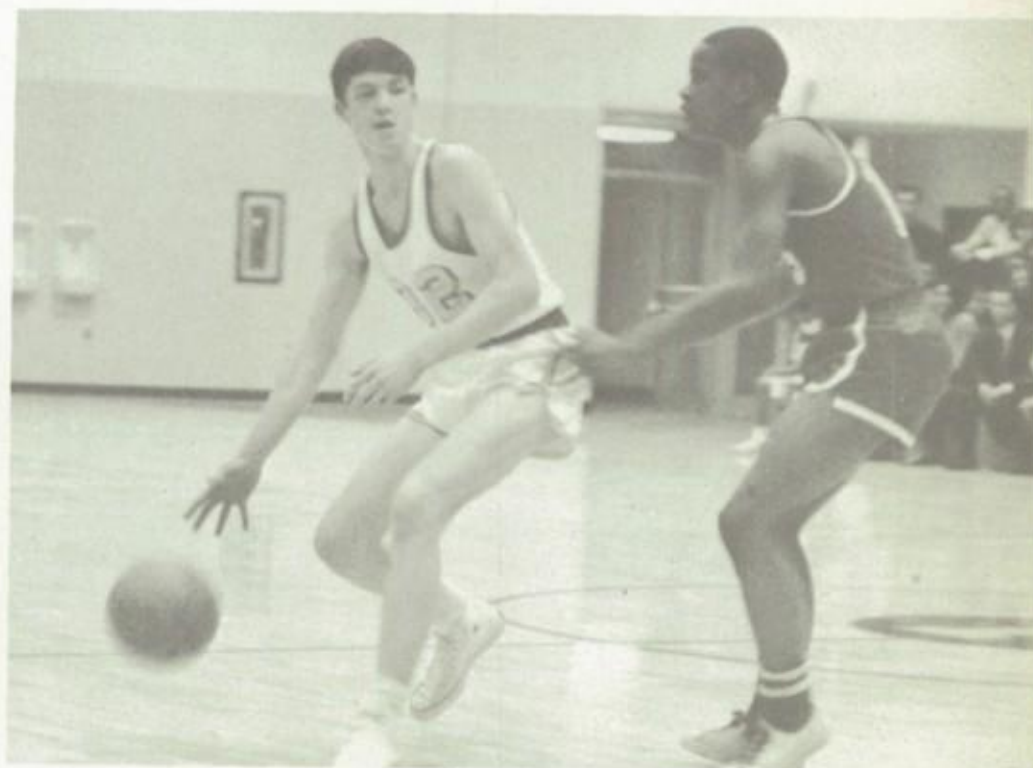

The 1966-1967 St. John's sophomore basketball team began preseason practice on November 1. After a month of vigorous training, the sophomores opened their season with a tough loss to Metamora. Head Coach John Braucher had them well prepared the next week, however, as was evidenced by their excellent 59-40 win over DeVilbiss. The sophomores continued to hover near the .500 mark for the remainder of the season, and they closed out their slate with a very respectable 7-9 record. High points, besides the DeVilbiss win, were fine victories over Stritch, Metamora, Assumption St. Mary's, Walsh Memorial (Cuyahoga Falls), and Spencer Sharples (twice). It should be pointed out that the sophomore Titans faced varsity opponents in eight of their sixteen games. This experience against varsity teams will no doubt be very beneficial to the sophomores next year, when the Titans' varsity basketball team will be a member of the Toledo City League.

Pre-game warmup.

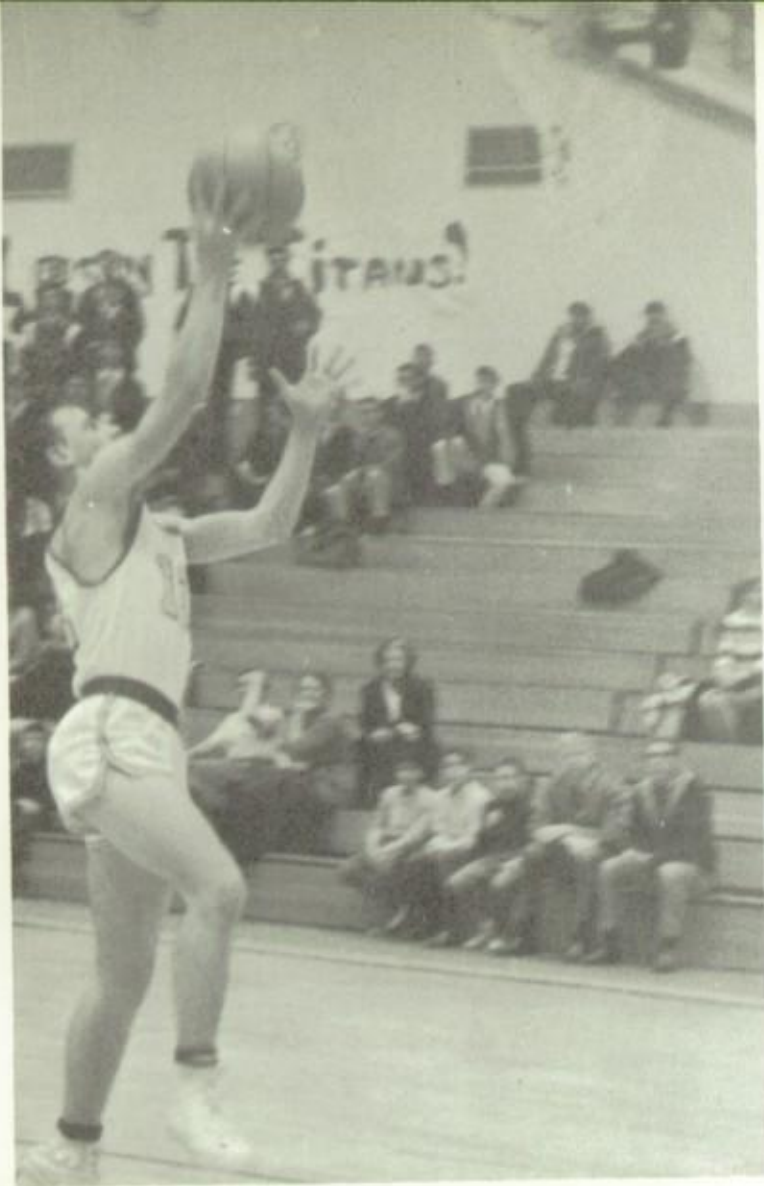

John Wronkiewicz fires a jump shot.

Gary Florian Positions for a drive.

Freshman Wrestling

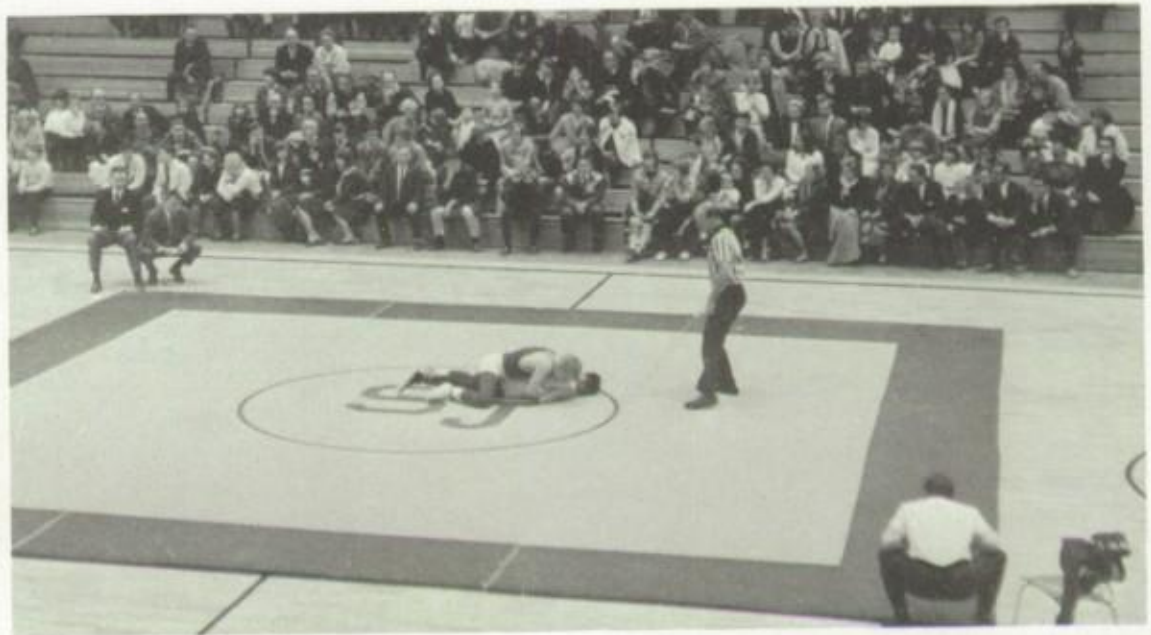

The referee's hold.

The 1966-67 St. John's freshman wrestling team displayed fine potential in compiling a record of 4-2 under head coach Mr. John Gallagher, S. J. The freshman victories came over Sylvania-Burnham, Swanton, Jefferson, and Maumee. The two setbacks came at the hands of St. Francis (by one point) and McTigue. A good indication of the potential present on this team is the fact that several of the freshman were good enough to wrestle in sophomore matches. More Titan victories came at the Second Annual Freshman Wrestling Tournament in which Jim Bracken and Larry Schoen took first places in their weight group. In this tournament there were such teams as McTigue, Cardinal Stritch, Bedford East, Bedford West, St. Francis, and Central.

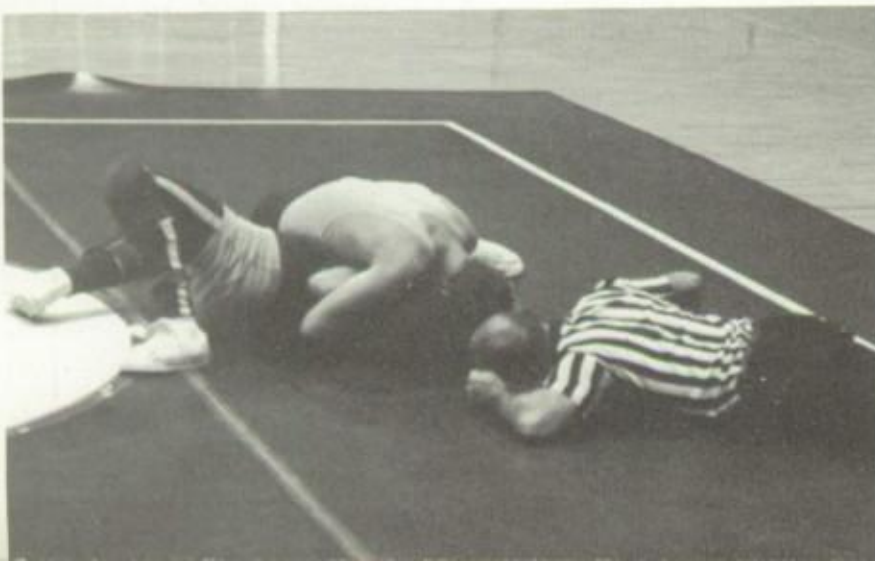

Victorious Mike Donovan.

2nd Annual Freshman Wrestling Tournament.

Get that pin!

Mr. Beier.

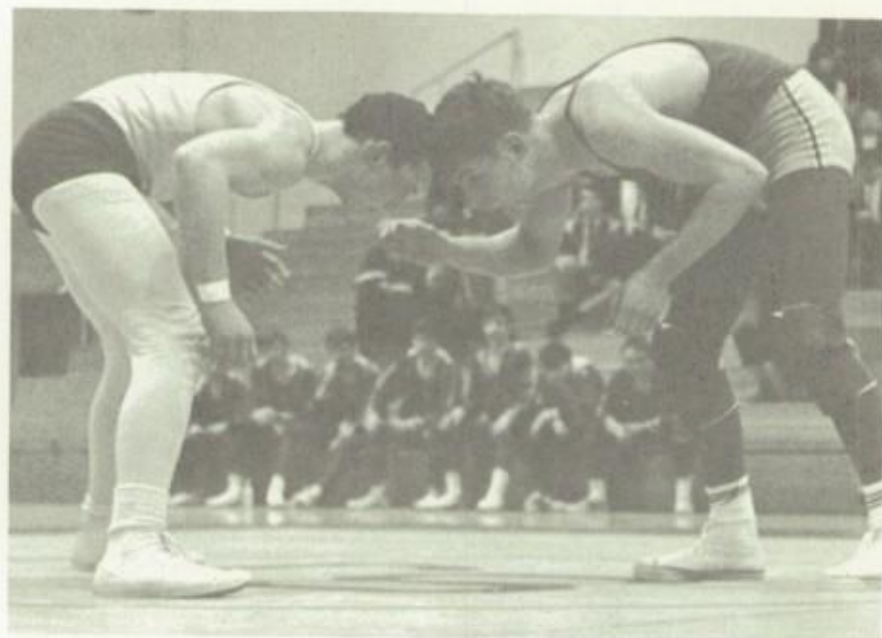

Rich Echler struggles for balance.

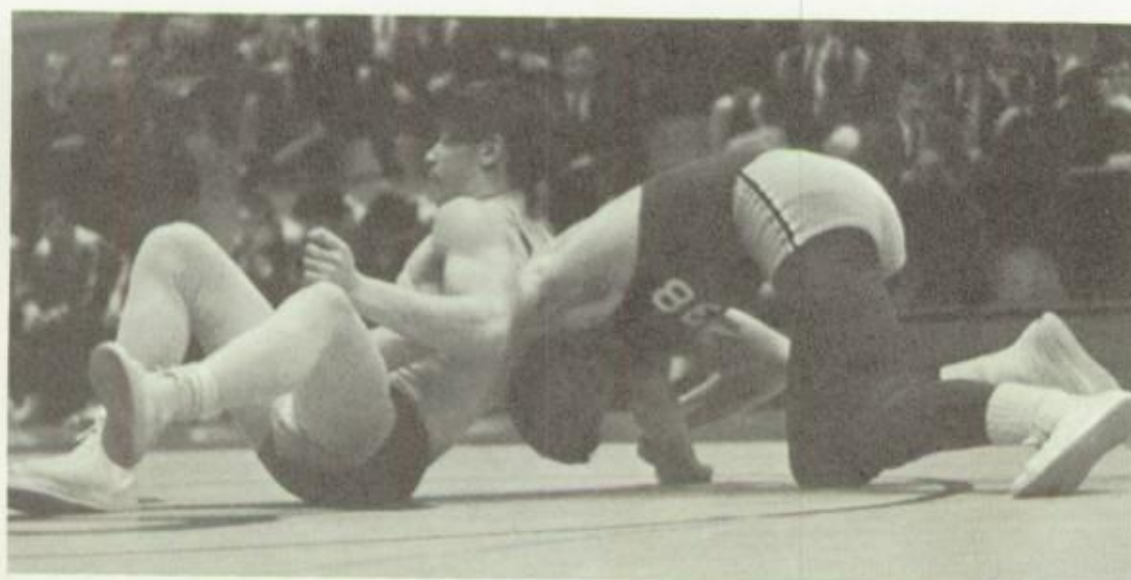

A waiting Mike Matlock.

Sophomore Wrestling

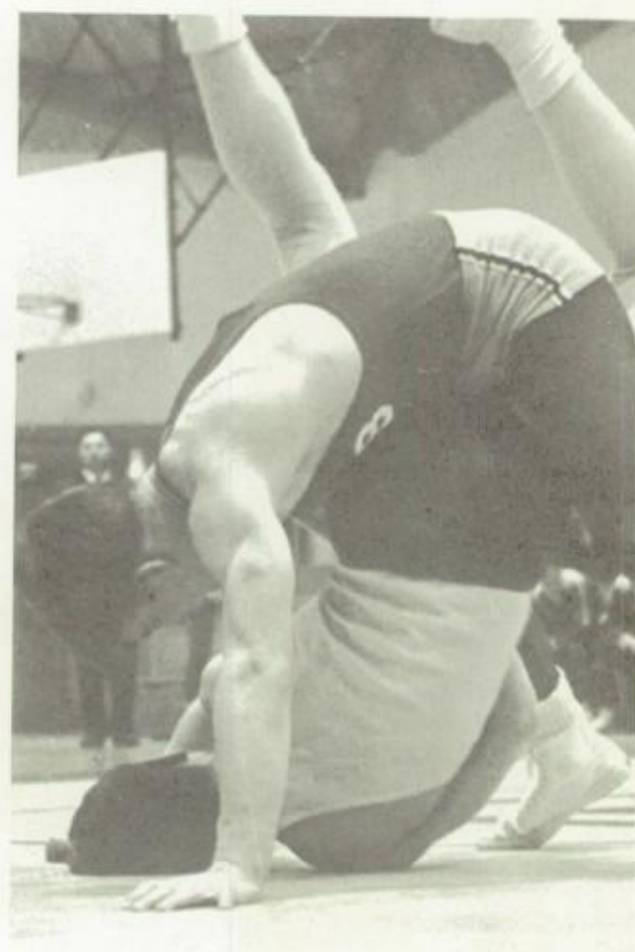

Under the tutelage of Head Coach Mr. Fred Beier, the 1966-67 St. John's sophomore wrestling team fought through a tough schedule and finished with a final record of 4-4. The sophomore grapplers' four victories were over Sylvania-Burnham, Napoleon, Perrysburg, and Fremont St. Joseph. The highlight of the season, however, was probably the 42-2 crushing of Napoleon. The sophomores were at their best in this match, as every Titan who wrestled scored points. If the sophomores can continue the devotion and hard work which they displayed this season, St. John's will be well represented next year by its first varsity wrestling team, which will be a member of the Toledo City League.

Mike Voegeli eyes his opponent.

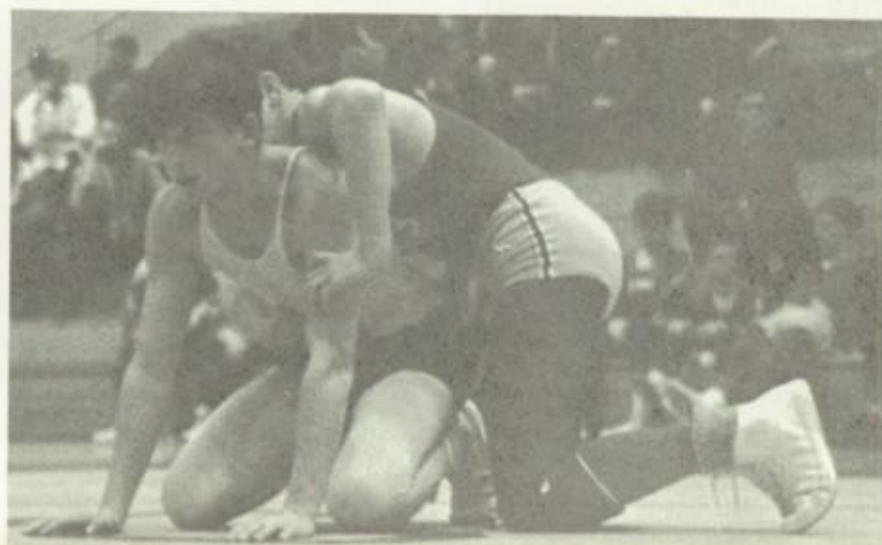

A battling Rich Echler.

Cliff Schoen awaits the whistle.

Campion Hall

Speaks Out

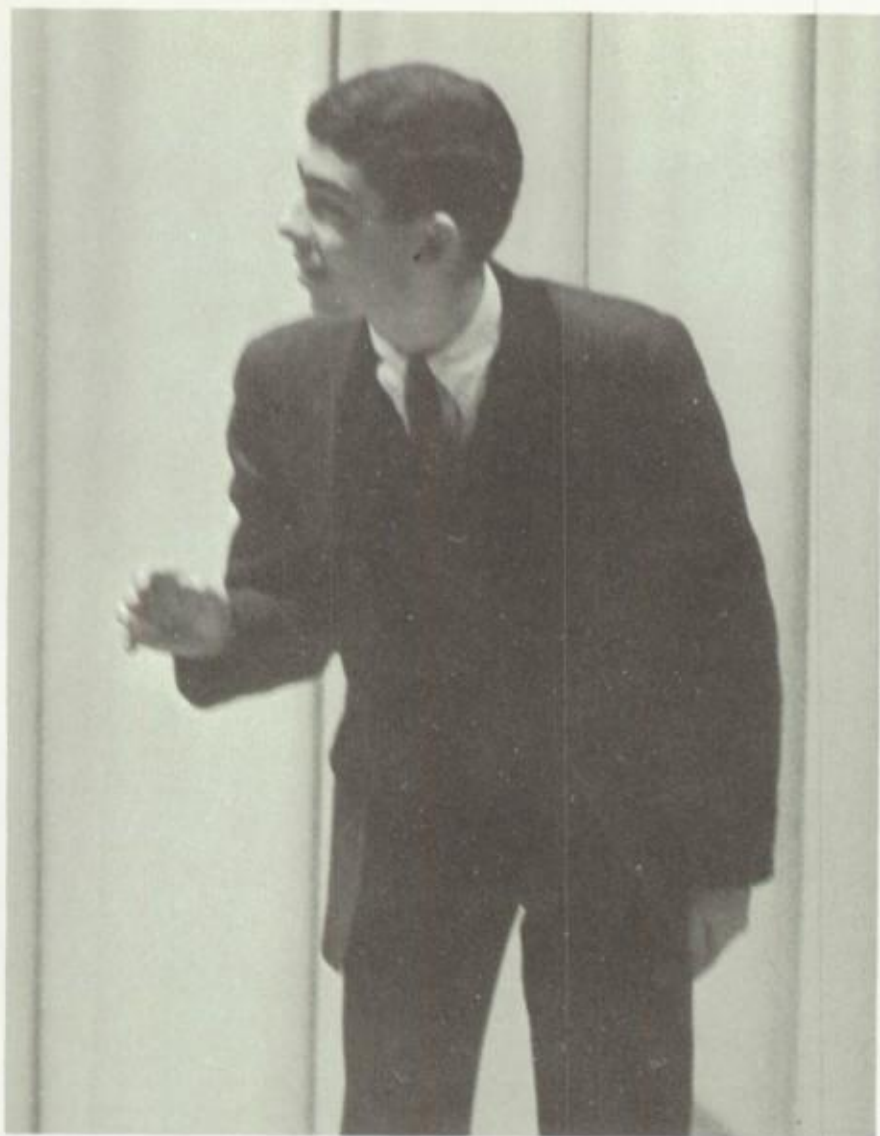

Dave Brigode hams-up
Original Oratory.

Mr. Libens, S.J.
guides the debaters.

An excellent showing by
these five in the district
semi-finals.

Mark Desmond
portrays Cassius.

Campion Hall, the official title for all of St. John's speech activities, was in full swing this year. The sophomores' experience from last year helped them out considerably. The freshmen also did quite well and gained some valuable experience in some tough competition. The Champion Hallers were led with the guidance of Fr. Henley, S.J., Mr. Pepperd, S.J., Mr. Liderbach, S.J., and Mr. Libens, S. J. Champion Hall's officers were; President Chris Schulte, Vice-Presidents Nick Christoff and Mark Hornung, and Secretaries John Neary and Mike O'Mara. Champion Hall is divided into six different sections which are Debate, Humorous Interpretation, Dramatics, Extemporaneous Speaking, Oratorical Declamation, and Original Oratory. There are a total of forty-two members in Champion Hall. One of these, Mike O'Mara, went down to the state finals in Dramatics after finishing high in the district tournament. Ronald Martin Nicholas, George Conklin, Mark Desmond, and John Blodgett also placed high in the district tournament. In the numerous tournaments during this past year, Champion Hall has done quite well in all divisions. Things look good for the oncoming year—considering this year's talent, experience, and next year's freshmen.

Trophy winners show
Champion Hall's talent.

Mike O'Mara, state finalist in Humorous Interpretation.

Bob Welly prepares for a big tournament.

John Blodgett puts the finger on his man in Oratorical Declamation.

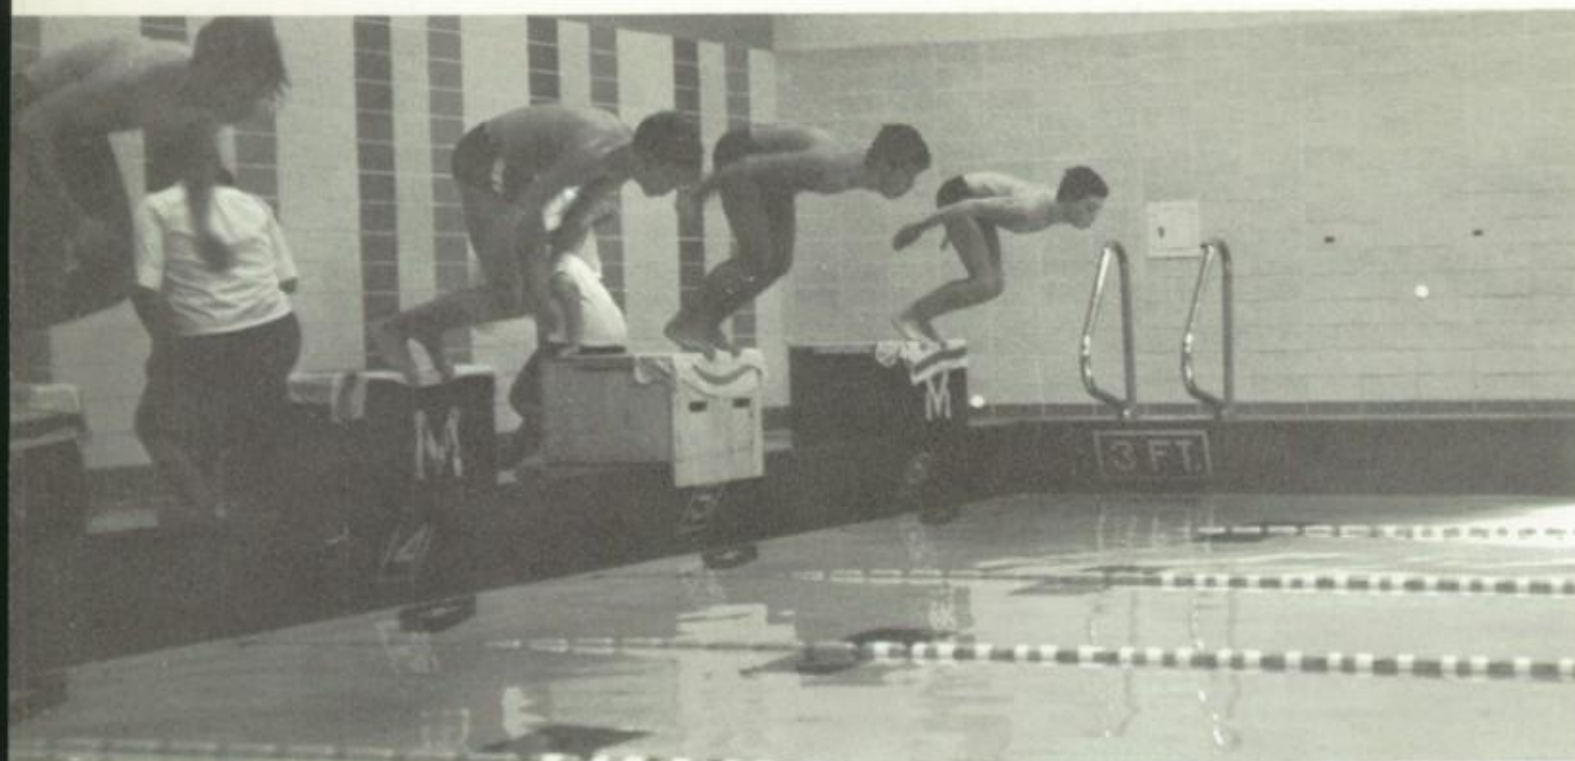

This year's Dramatics Club presented the play *Julius Caesar* under the direction and guidance of Fr. Henley, S. J., and Mr. Peppard, S.J. The leads were Brutus, played by Ron Nicholas, Cassius by Mark Desmond, Casca by David Brigode, Antony by Jim Schuller, and Caesar by Jim Ragan. The total cast included over thirty hard-working students. Along with the cast is Tim Malone who gives many hours every day as an aid to the directors. The play was presented to the public by the business staff. After many hours of memorization and some great cooperation amongst the cast and the business staff, the play was made a great success.

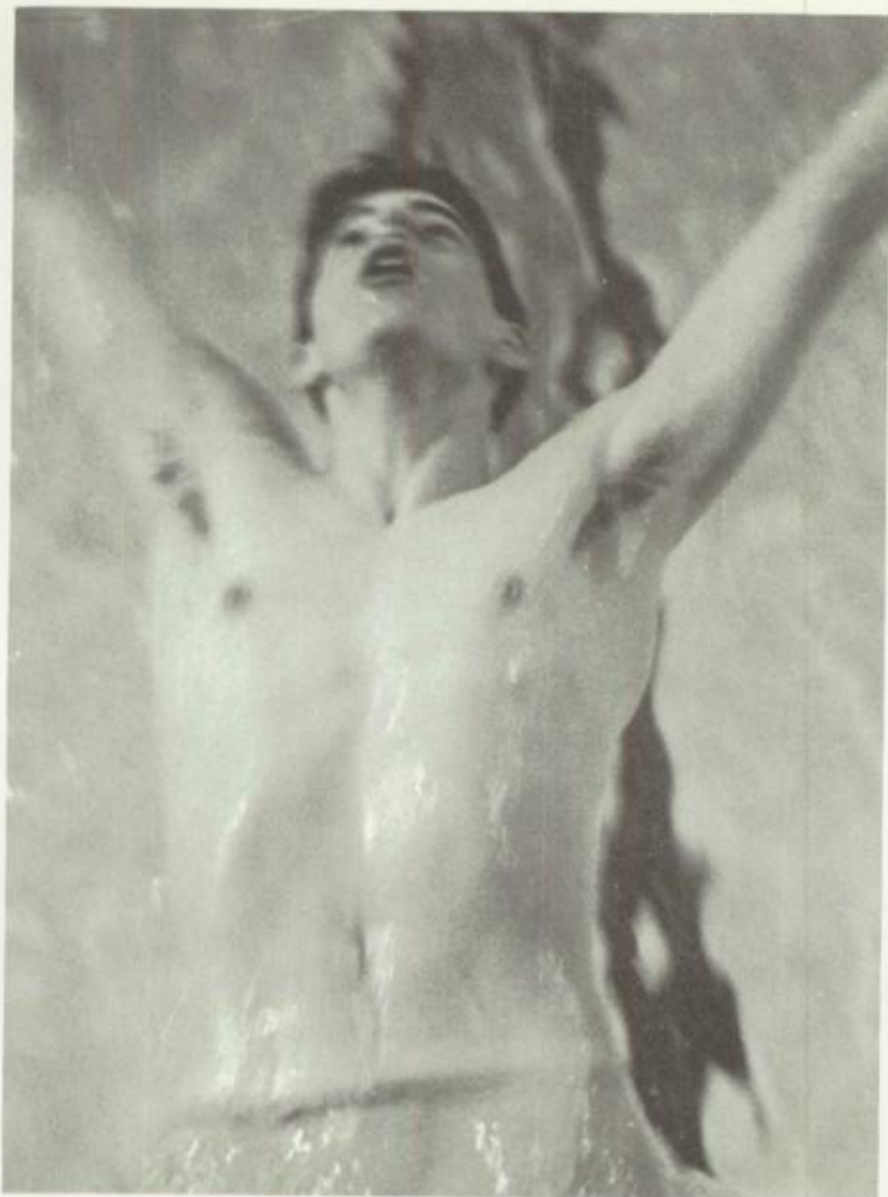

A word of wisdom
from George Conklin.

It takes a lot of research
to win a debate.

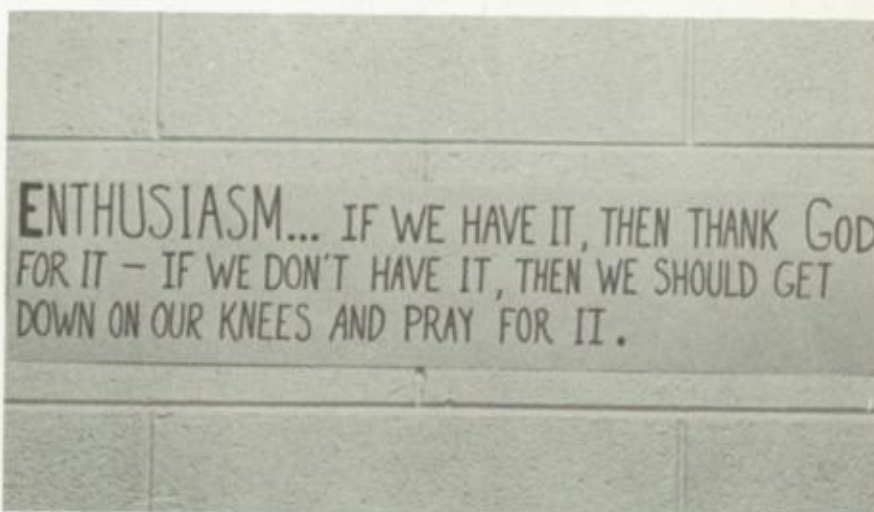

Fr. J. Singer, S.J.

Dave Louy makes the turn
in Erie Mason meet.

Titan Swimmers

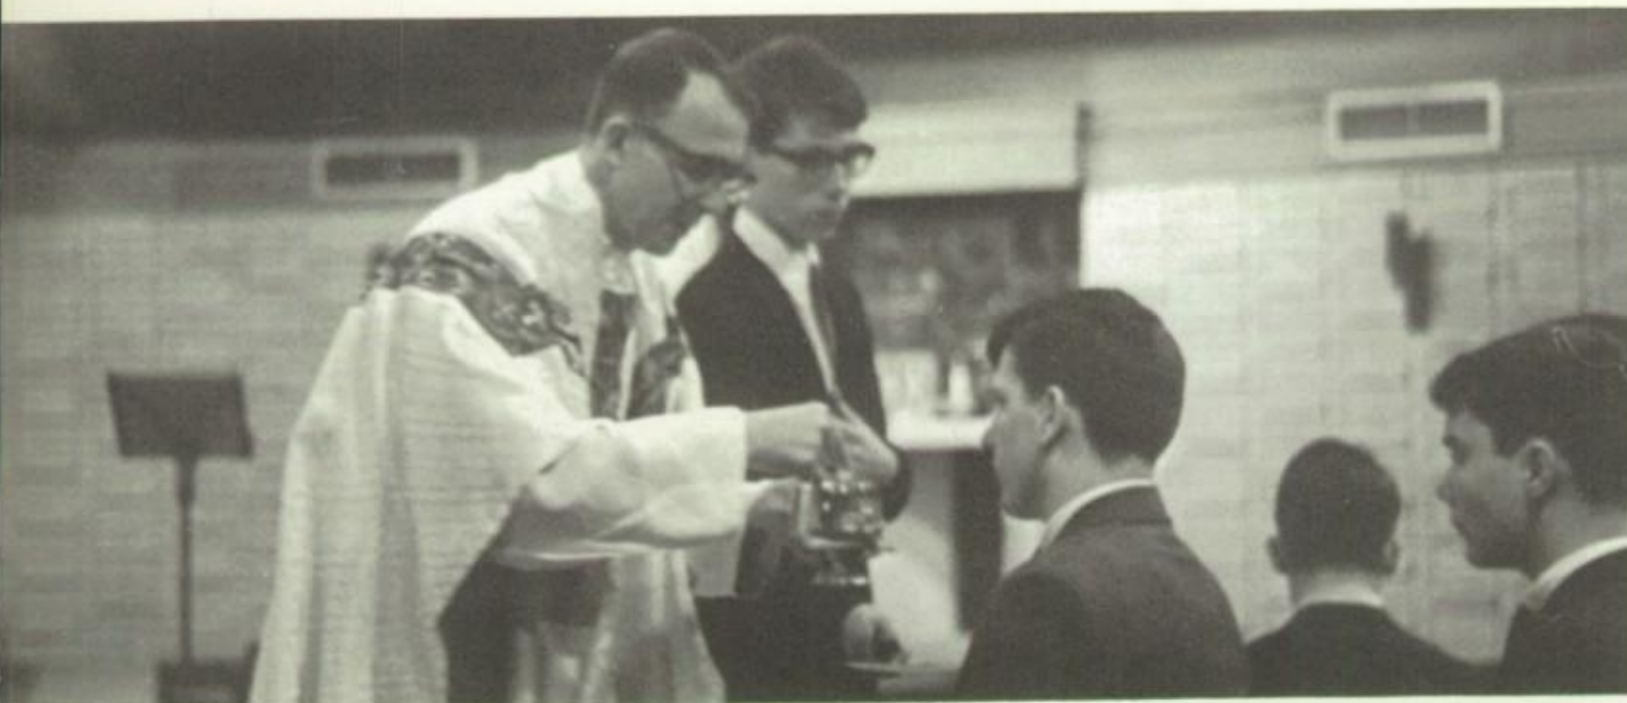

This year's swim team, the first ever at St. John's did remarkably well considering the close meets, inexperience, and an all-varsity schedule. Led by Fr. John Singer, S.J., the Titan swimmers gained some valuable experience, and its followers can look for some very good teams in the near future. The team practiced nearly every day during the season at the South-Side YMCA. It can be said that the swimmers had an excellent season and it is safe to say that the future is bright.

ENTHUSIASM... IF WE HAVE IT, THEN THANK GOD
FOR IT - IF WE DON'T HAVE IT, THEN WE SHOULD GET
DOWN ON OUR KNEES AND PRAY FOR IT.

St. John's swim team as viewed from underwater.

Rev. John V. White, S. J.
Algebra 1, Religion 1

Winter is usually a slow time of year, but not so here at St. John's. As the winter season rapidly approached, the activities, of which there were many, went into full swing. For instance, the basketball team met on the first day that the team could officially hold practice sessions, November 1. Swimming was soon on the list as a team to try out for. Campion Hall finally started to attend those speech tournaments in and around Toledo that are so numerous during the long winter months. The students who attended the sessions of the Group Dynamics Workshop at school on Sunday afternoons also went to work at the hospitals and children's houses throughout the city. Other activities getting us into the swing of things were *Cavalier*, *Promethean*, the Glee Club, the Band, and the Poster Club.

Besides our own activities, there were programs for adults here at St. John's. Among these were the monthly Vatican II lecture series, the Cinema Study Club, and the weekly professional Sodality meetings.

In January and February we were snowed out of school on several surprising but happy occasions. The Open House and Entrance Examination days in February gave future Titans a taste of things to come. Our own Study Program also got under way in the early months of the new year and lasted well into the spring. Our freshmen wrestlers had trophies to prove they ranked with the city's best at our second annual Freshmen Wrestling Tournament. As memorable as all of these activities was the Saturday Jug.

Class 2A begins each day in homeroom which is directed by Fr. Henley, S. J. Fr. Henley, S. J., teaches 2A English and he also guided 2A in its memorable and humorous presentation of *The Romancers*. Mr. Brady teaches biology and supervises lab experiments. Religion is taught by Fr. Singer, S. J.; American History by Mr. Gallagher, S. J.; and Geometry by Mr. Liderbach, S. J. Mr. Beier tries to mold the students of 2A physically, and Mr. Vrooman tries to keep the class in order during a study period at the end of each day. Another subject in the curriculum was typing, which was taught by Brother Hittle, S. J., for half a semester. Besides all the excellent teachers, 2A also has outstanding participants in athletics, speaking, acting, and other extracurricular activities. 2A is represented at Student Council by Michael Pinciotti as president and Frank Bodie as vice-president.

2B

Early in October, 2B elected Tom Murphy as president and Joe Spenthoff as vice-president to represent their class at Student Council. 2B begins each morning in homeroom which is supervised by Mr. Cassin, S. J. During some of these 15-minute homeroom periods, the class reviews the achievements of the Student Council and proposes new ideas for the president to bring up at the next council meeting. However, most of these homeroom periods are used for study or discussions on various topics. Mr. Cassin, S. J., also teaches 2B English during first period. Mr. Gramata teaches Geometry I and Mr. Libens, S. J., teaches Latin II. Biology is taught by Fr. Lotze, S. J., who supervises the class during its lab periods. Mr. Braucher leads the class through its physical endeavors in phys. ed., which is attended twice a week. Religion is taught three days a week by Fr. Singer, S. J. The students of 2B represent their school in all activities at St. John's, some of which are athletics, yearbook, Campion Hall, and volunteer services.

2C

When the time came to elect representatives for their class, the students of 2C chose Rich Nowak to be president and Tim Cassidy to be vice-president. The students of 2C represented their class very well in all the extra-curriculars at St. John's in such fields as athletics, the school play *Julius Caesar*, volunteer service, Campion Hall, and bowling.

Mr. Brady supervises the homeroom period of 2C each morning. After homeroom he tries to fill the minds of the students with biology. Next they pick up their books to travel over to Fr. Henley's room. There the students study composition in writing and the literature of the world. During the third period 2C studies the heritage of our country in American History. Mr. Braucher teaches this subject to the class. Fr. Singer, S. J., teaches religion before the Mass period. Directly after the lunch period the class learns Geometry I under the direction of Mr. Liderbach, S. J. Mr. Beier tries to get the students into decent physical condition in phys. ed., which is taken twice a week.

2D

Larry Fall

Mark Chovanec

At the beginning of the year, 2D elected John Bureau as president and Doug Mosiniak as vice-president to represent their class at Student Council. Of all the classes at St. John's, 2D has one of the finest representations in athletics. In every sport 2D places at least a few men in the starting lineup. It also has fine representation in all other extracurricular activities except the speech program. 2D starts off each day in a 15-minute homeroom period which is directed by Mr. Gramata. Mr. Gramata also teaches 2D Geometry I during the first class period of the day. After the first period, the class moves on to American History, taught by Mr. Gallagher, S. J. Next on the line comes English II which is taught by Mr. Czernicki. The class gets a mental break three times a week in a spiritually-directed religion class taught by Fr. Singer, S. J. Twice weekly this class heads for the gym to build themselves physically under the direction of Mr. Beier. When the end of the day swings around, 2D moves into the class of Mr. Libens, S. J., who teaches them Latin II. After Latin class, the students head for their extracurricular activities or board the busses for their return home.

Science Club

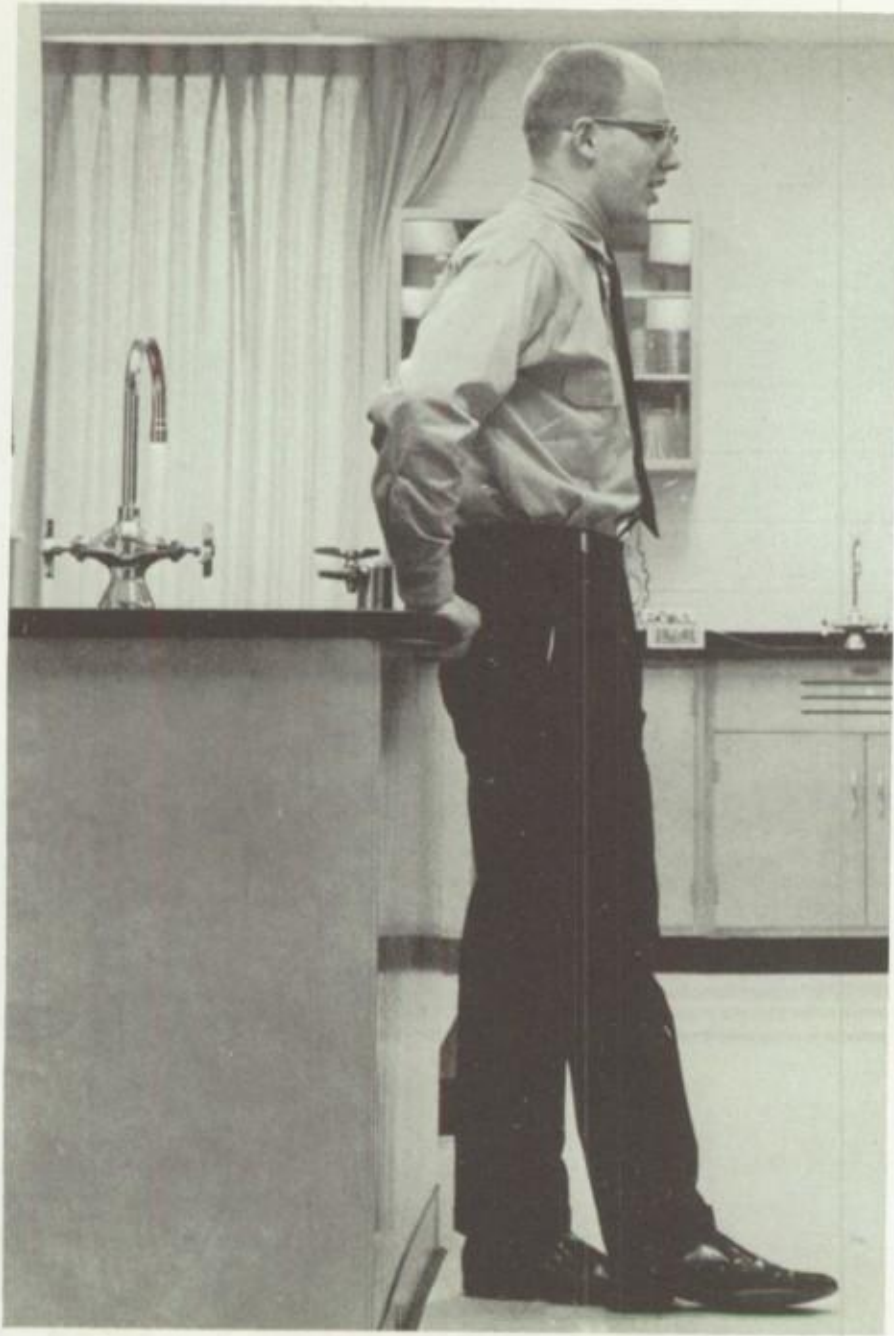

The Science Club of St. John's is divided into three sections: Electronics with Rich Szczepaniak as chairman, Biology with Frank Barone as Chairman, and Archeology with Mike Anderson as chairman.

The benefits of the Science Club are exemplified by the Superior won by Dave Brigode at the University of Toledo for his work on *The Effects of Sub-Zero Temperatures on the Metabolism of Micro-organisms*. Charles Feeley was sent to Columbus to represent St. John's at the Junior Science and Humanities Symposium.

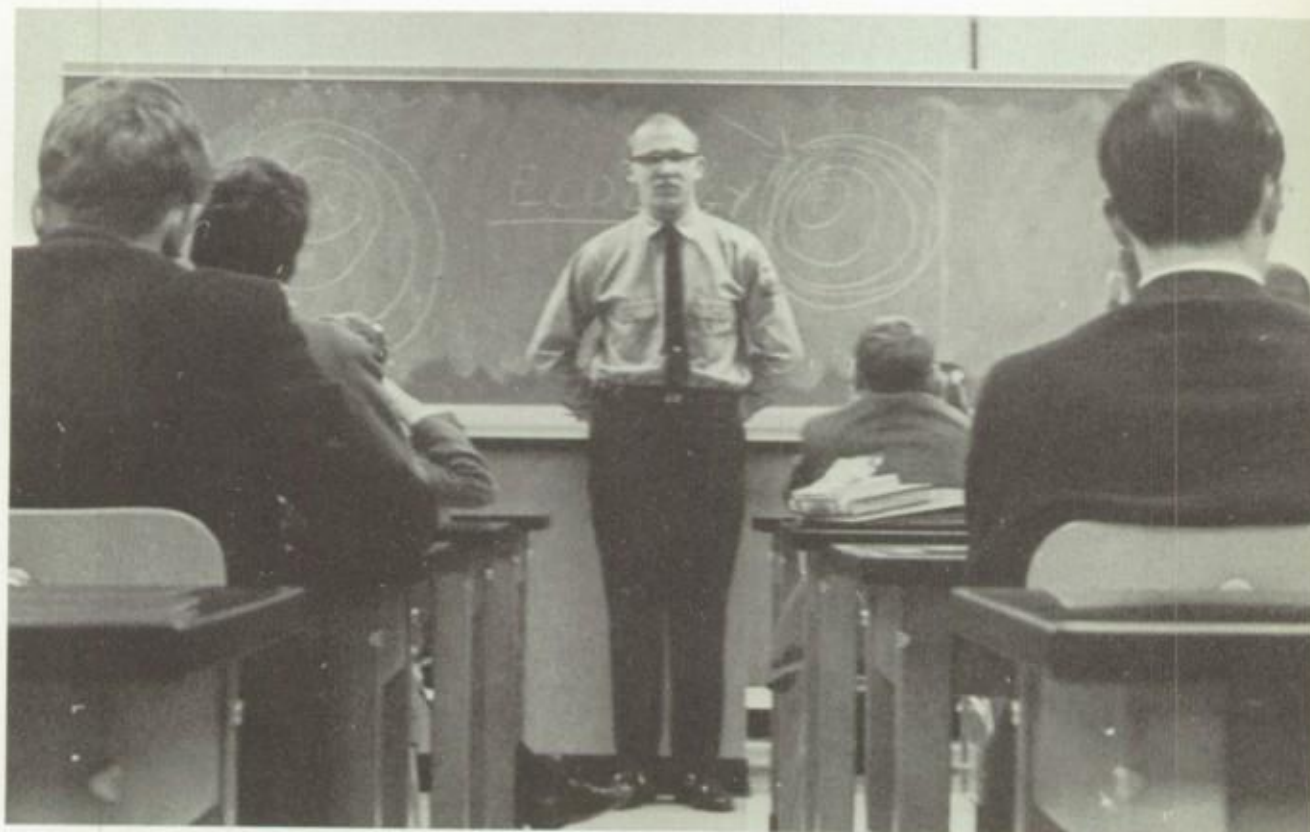

The Science Club went on a tour of the Libbey-Owens-Ford Building. Later the Science Club again went on a tour of the science department at Toledo University.

The Archeology section went on a dig to Medussa Quarry and recovered some of the many fossils once exhibited in the display case in the Commons.

The officers of the Science Club are President Pat Irmen, Vice-President Tom Connelly, Secretary Frank Landry.

One of the many advantages of the Science Club is the opportunity to learn from someone who knows. Larry Lindsey from the Metropolitan Park Service an exposition on *Ecology of Wild-Life in the Toledo Area*. All members of the Science Club attended this lecture. The members learned about enviromental conditions in Toledo and how the wild-life cope with it. The ability to use the knowledge freed by this disertation was admitted by all attending.

Rowland, P. Irmen, M. Desmond. Third Row: D. Grey, G. Dunn, J. Glinka, D. Hancock, M. Miller, G. Eberle, R. Corbett, T. Balyeaat.

Glee Club

Our Glee Club here at St. John's consists of 38 members. These talented singers are divided into four groups, Barotones, Bases, Tenor I and II. This vocalizing group was assembled under the direction of Mr. John D. Anderson, S.J. and is accompanied by Brother Richard D. Hittle, S.J.

The Glee Club has performed for the Parent's Club and several assemblies. Later on in the year the Glee Club has played at several rallies enhancing the activities with their mellow singing.

The Glee Club practices every day to improve their vocalizing qualities.

Mr. John D. Anderson, S.J.

Titan Bandsmen

Since October the members of the band from both classes have been inspired by the musical mind of Mr. Robert Taptich of Westland, Michigan. After the recruiting in October, the musical notes have been coming from its 37 members. These boys try their best in the sections of brass, percussion, and woodwind, and have brought forth the all-new St. John's fight song as directed by Mr. Taptich. This band with its sections has played at a few rallies and also at the St. Francis game. They started their jazz section at the halftime of this game. By the time St. John's is filled to capacity, Mr. Taptich expects to have 90 pieces in the band.

Woodwind Section, L to R: 1st row: T. Grove, P. Jansen. 2nd row: D. Alexander, G. Donnelly, S. Nagy, A. Schmitt, J. Lyczchowski.

Class 2E, with Jim Schuller as president and Mark Desmond as vice-president to represent the class at Student Council, shows an excellent spirit of wide-ranged participation in almost all extracurricular activities. This includes men in athletics, the school play *Julius Caesar*, the entire debate team, and other members of Campion Hall. 2E opens the day in a homeroom supervised by Mr. Liderbach, S. J. Mr. Liderbach also teaches Geometry I during the first period of the day. After geometry, the class moves on to Latin with Mr. Libens, S. J. Next, the class moves on to Mr. Gallagher's American History class. During the fourth period, in Fr. Henley's class, 2E studies composition and literature of the world. Fr. Lotze, S. J., teaches biology and guides the class during its lab periods, which are once a week. The students of 2E try to build themselves physically twice a week under the direction of Mr. Beier. Religion is taught by Fr. Singer, S. J. During the third quarter something new was tried in 2E's religion class. The students themselves prepared the classes and taught. However, after the end of the quarter, Fr. Singer began to teach again.

Biology, Religion 1, Science Club

This year's Film Study Program for the students began on February 1 with a lecture on photography by Mr. Bader J. Cassin, S.J. In the second week of the program Mr. Daniel P. Liderbach, S.J., spoke to the students on the editing of film and in the third week Fr. Fred Henley, S.J., spoke about the part that sound plays in motion pictures. These lectures were a new innovation in the study of films from last year when all we saw were five films. After three lectures once a week, we viewed five films 1) Requiem for a Heavyweight 2) Arsenic and Old Lace 3) American in Paris 4) Guns of Navarone 5) Shane. The object of the Film Study Program was to teach the student how to view a film.

This spring golf was inaugurated with Mr. Bader J. Cassin, S.J. as coach; tennis was also introduced. Track was back once again this year under the watchful eye of Mr. Joseph J. Czernicki and his able staff. Of course, our social life was not neglected with the numerous dances that were held in our Commons and at various high schools throughout the city.

Mr. John F. Libens, S.J.

D. Louy, R. Littellmann, C. Macey, J. Lamb, D. Louy, C. Macy, R. Littellmann, J. Lamb.

The photographers were organized by Mr. Cassin, S. J., in order to teach interested students the art of taking a picture, developing it, and printing it. This group's main objective is to supply the *Promethean* and *Cavalier* with the photographs needed to put out their publications.

Photography being an art the group also experiments on their own in order to produce such masterpieces as that above and on pp. 94-95.

Photographers

R. Welly, M. Schemenauer, M. Matlock, L. Byersmith

The student newspaper, *Cavalier*, always makes for interesting reading as it keeps us up to date on all academic and extra-curricular activities. The *Cavalier* is moderated by Mr. Norman Betz, S. J. Published occasionally, it is presented to the students in either four or six page editions. This being the second year of publication, *Cavalier* has a good staff of editors who are backed up with a zealous staff of reporters.

Cavalier

R. Baranowski, G. Conklin, J. Saal, C. Benjey, B. Meyer, D. King, E. Hayes, J. Konicki, C. Voss, D. Hancock, C. Feeley

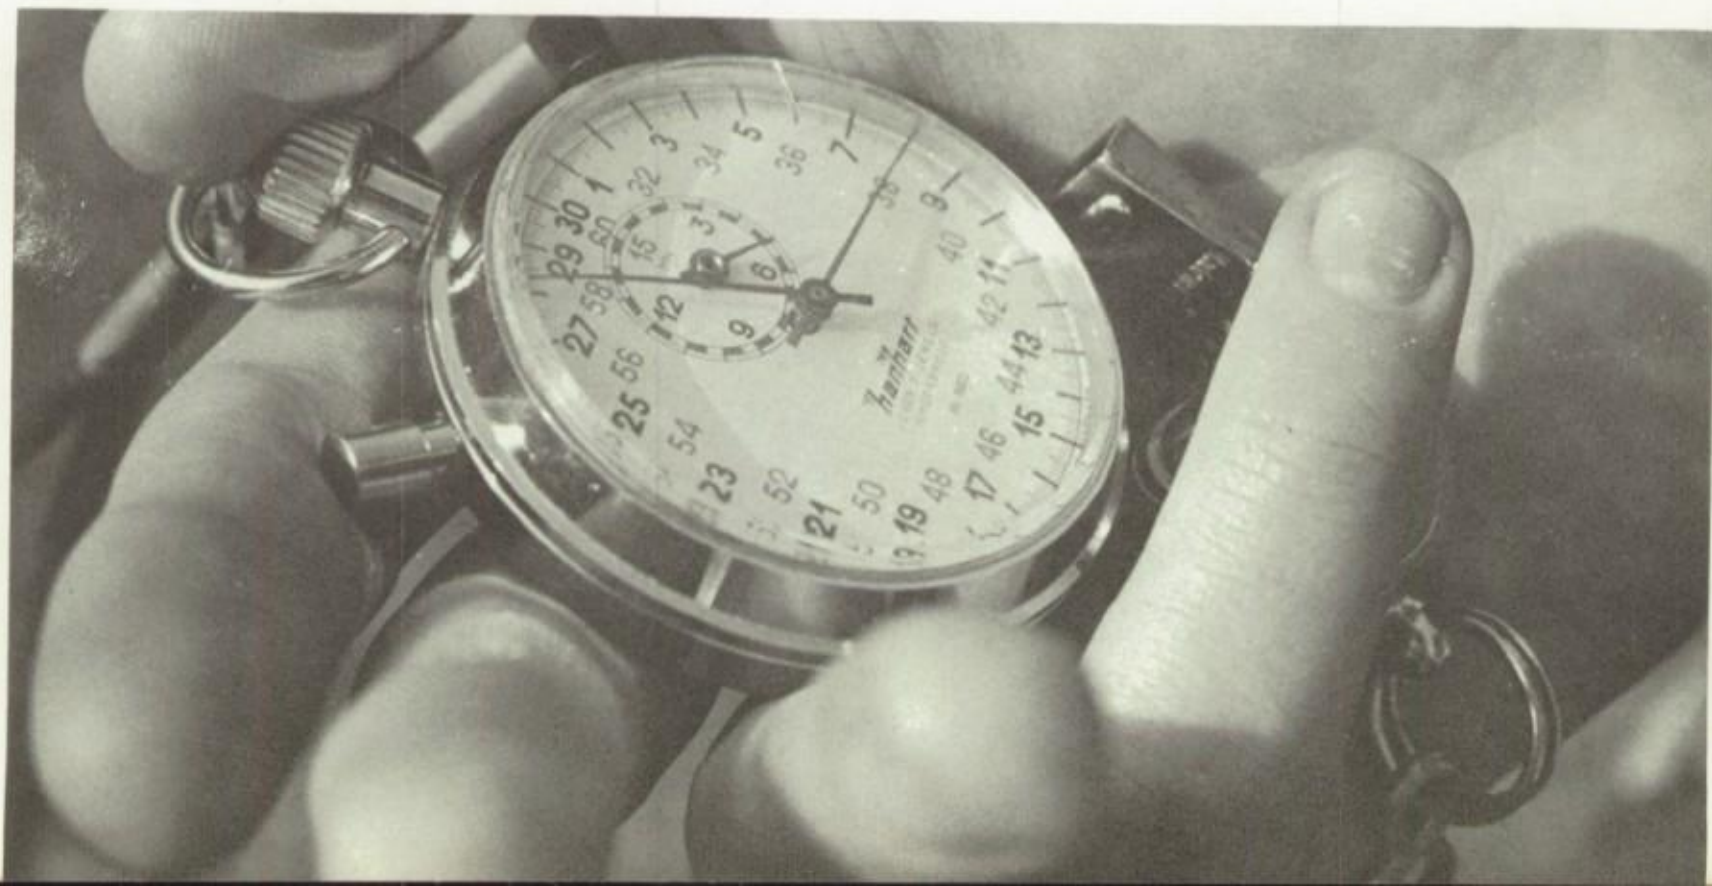

The 1966-1967 freshman track team, as seen by the Red Baron.

Freshman Track

Both freshman and sophomore trackmen showed their ability through their daily workouts at the Lucas County Recreation Center. Here we were privileged to use this all-weather track and its accessories. Each day after the last period class the runners suited up for roll call in the gym at 3:30 p. m. The bus then took them to the track where they were divided into groups of distance, middle distance, sprinters, hurdlers, pole vaulters, high jumpers, long jumpers, shot putters, and discus throwers.

The new members of the freshman squad tried their hardest to break records set by last year's squad in the Titans' first season. Their new records will stand the test of next year's freshman track enthusiasts.

The return of the Red Baron: The 1966-1967 sophomore track team.

Sophomore Track

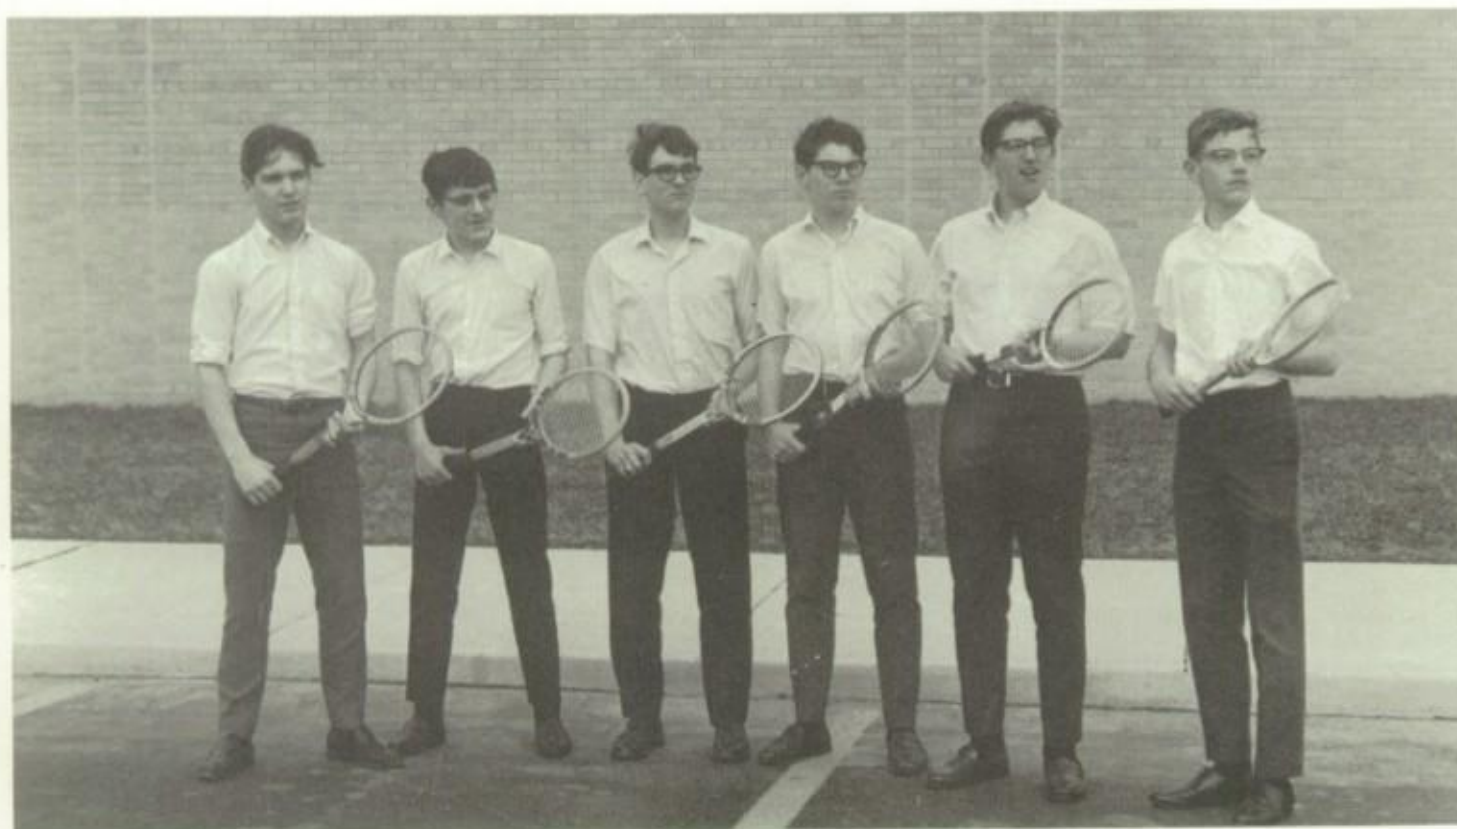

Under the capable direction of Messrs. Czernicki, Braucher, Beier, and Gallagher, the Titan trackmen started their season off in the gym. But as the weather improved, the teams donned sweatsuits and hopped a bus over to the Lucas County Recreation Center, where practices are held on its all-weather track.

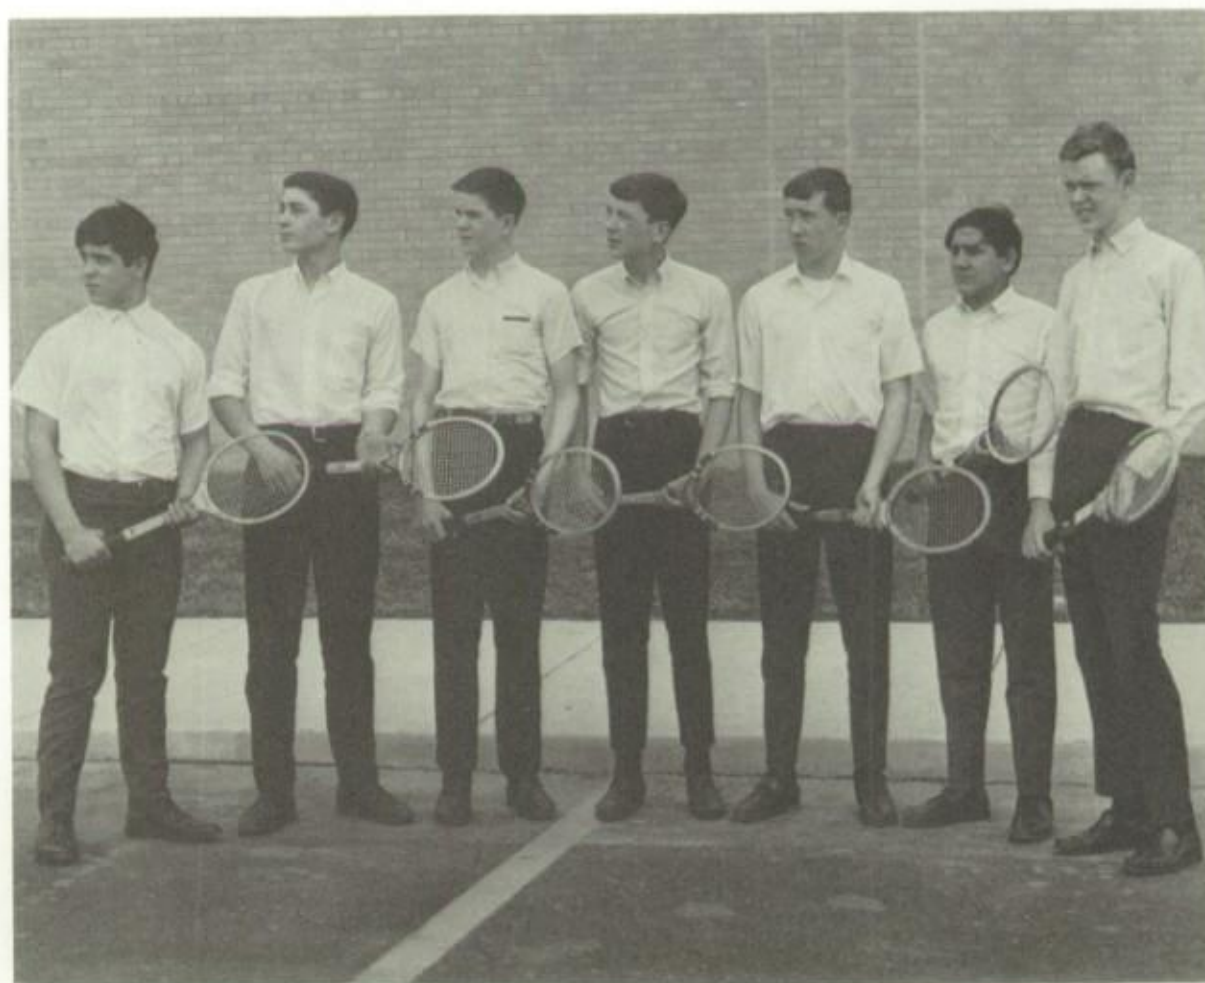

The season for the sophomore cindermen began with a triangular meet at Maumee High School against their Varsity and that of Northwood High School. Later in the season these Titan cindermen tested their skills against such Varsity teams as Maumee Valley Country Day School, Northwood, Springfield, and Anthony Wayne High School. Also on the proscription list was Bowsher, DeVilbiss, Woodward, Central, and Sylvania. Besides running the regular season meets, the Titans put their runners into competition in the Annual Blade Relays and the DeVilbiss Night Relays.

Tennis

L to R: R. Jenks, J. Duffin, J. Wolfe, J. Lewandowski, D. Alexander, G. Walkowiak.

Another spring sport has been added to the extracurricular activities at St. John's. Two tennis teams, one composed of freshmen and one of sophomores, were drawn up in late March under the direction of Mr. Betz, S. J. After much training in the sport on the Recreation Center's tennis courts, the team members are looking forward to some competition from other city schools.

L to R: A. Saenz, J. Barone, T. Faught, J. Davis, D. Corbo, F. Feeley, G. Danford.

Top Row, L to R: M. Schemenauer, D. Westenkirchner, M. Kurdys, D. Mosiniak, G. Florian, K. Gill. Bottom Row, L to R: F. Beauregard, R. Ray, F. Barone, P. Anteau, D. Rowland, G. Zalecki, M. Desmond.

Golf

L to R: C. Fetzek, J. Jaeger, J. Kennedy, J. Petrie, T. Maroda, L. Huss, M. Dennie

The drawing up of a golf team in late March was another first in the short history of Titan sports. The love and interest for this spring sport was indicated by the flock of students which went out for the golf team. Cuts were made early because of the large turnout, but the team got rolling under the coaching of Mr. Cassin, S. J. The team has already scored well in Toledo. And this achievement in the face of varsity competition.

AT THE HEART OF AMERICA

When we speak of the "capitalistic" system we generally mean that it is the system evolved from Greek and Roman civilizations in which society entrusts its economic processes to the vitality of private competitive enterprise.

In other systems of government business enterprise is largely in the hands of the state or of ruling families whose wealth and status are largely inherited.

At the heart of America's capitalistic system is the belief that nearly everyone would like to live better and that he can do so by his own efforts! Man's needs are few but his wants are many.

At Owens-Illinois we believe in the competitive enterprise system. We produce and sell, in the competitive markets we serve, quality products of glass, paper and plastic to meet the needs and wants of man in his modern world.
